F25-34	#9	Four or more visits a month	No	\$75,000 to under \$100,000	Alamo park is the best park in town. The trees keep it nice and cool during the summer months. Most of the other parks don't have adequate shade and are very hot. The kids also Love the car track at the park. We also take a walk on all the paths after we play at the playground.
F25-34	#17	Less than one visit a month	No	Don't know / refused	Hiking.
F25-34	#18	Two to three visits a month	Yes	Don't know / refused	Taking my toddler to play on equipment at local playgrounds, and throwing him on our backs to enjoy a nature walk.
F25-34	#19	Two to three visits a month	Yes	\$25,000 to under \$50,000	Lagoon Valley.
F25-34	#20	About one visit a month	No	Don't know / refused	Open space, hiking, disc golf.
F25-34	#22	Four or more visits a month	Yes	Don't know / refused	Walking on the creek trails. I also like the archery range at Lagoon Valley.
F25-34	#26	Four or more visits a month	Yes	\$100,000 or more	Softball.
F25-34	#32	About one visit a month	Yes	\$75,000 to under \$100,000	Pena Adobe / Lagoon Valley Park is my favorite. It has the best trails, views, the dog park, and picnic areas. Great place to exercise and enjoy the outdoors!
F25-34	#35	Less than one visit a month	No	\$100,000 or more	Walking.
F25-34	#45	About one visit a month	Yes	\$50,000 to under \$75,000	Dance.
F25-34	#50	Four or more visits a month	No	\$100,000 or more	Walking my dog and the dog park.
F25-34	#52	Four or more visits a month	Yes	\$100,000 or more	I love the Lagoon Valley area and the dog park. I also love the community service programs, such as ballet class.
F25-34	#69	Two to three visits a month	No	\$50,000 to under \$75,000	Walking on Alamo Creek Bike trail.
F25-34	#77	Four or more visits a month	Yes	Don't know / refused	I love Andrews park. It is in a wonderful location. The park is meticulously cared for. The grounds are kept clean and colorful. There is wonderful playing areas for the kids and beautiful trails for everyone to enjoy.
F25-34	#103	Four or more visits a month	Yes	\$25,000 to under \$50,000	My niece has been playing girls volleyball at the Davis street gymnasium for several seasons now and we don't want that to end! I have heard rumors that the funding for girls sports at that gym may have fallen through and hope that this isn't true. We also love the trail from Eleanor Nelson Park back through the neighborhoods in that area, it's a great spot for my daughter to ride her bike and for our dog to get some exercise. I love that there are so many native plants to identify and teach my daughter about. Meadowlands Park is also one of our favorites, but I personally would like to see the piece of equipment that kids stand on and spin disappear. I go to that park two to three times a week and almost every time I'm there I see a kid get injured on that toy, it's a lawsuit waiting to happen. Other than that, though, the play equipment there is good and keeps the kids busy and happy.
F25-34	#124	Two to three visits a month	No	\$100,000 or more	Walking on the trails with the dogs. And going to the Creekwalk in the summertime!
F25-34	#140	Four or more visits a month	No	\$100,000 or more	The Walter Graham Aquatics Center and Lagoon Valley Park.

F45-54	#146	Four or more visits a month	Yes	\$100,000 or more	Swimming. I am on the Vaca Naster's and all my children have been on the Vaca Swim Club.
F45-54	#152	Four or more visits a month	Yes	Don't know / refused	Biking, then walking.
F45-54	#154	Four or more visits a month	Yes	\$75,000 to under \$100,000	Hard to say, I like different recreational areas depending on the use. Centennial is close to where I live so we go there a lot. Lagoon Valley is always nice for walking your dogs and visiting the dog park and walking the hills. The other park I frequent is Andrews Park during Creekwalk, LOVE Creekwalk... My son and his friends play basketball at Browns Valley Park and they play soccer/football at Ridgeview Park and Centennial Park.
F45-54	#163	Four or more visits a month	Yes	\$75,000 to under \$100,000	Walking/running in Lagoon Valley.
F45-54	#166	Two to three visits a month	No	\$100,000 or more	Walking and hiking around lagoon valley.
F45-54	#169	Four or more visits a month	Yes	\$100,000 or more	Graham Aquatic Center is wonderful and we use It 4 days a week at least. We also utilize Centennial, Ridgeview, and Horsecreek soccer center on a weekly basis.
F45-54	#190	Two to three visits a month	Yes	Don't know / refused	Arlington Park or Meadowlands Park.
F45-54	#194	Less than one visit a month	Yes	\$100,000 or more	Hiking.
F45-54	#196	Four or more visits a month	Yes	\$75,000 to under \$100,000	Soccer & baseball parks, along with the neighborhood parks. As a homeschooling parent the parks are a great asset to our curriculum.
F45-54	#201	Four or more visits a month	No	\$100,000 or more	Walking in Al Patch Park because I feel the safest walking there. Use Beelard Park daily since it is right where I live.
F45-54	#202	Four or more visits a month	Yes	\$75,000 to under \$100,000	Girls Bobby Sox.
F45-54	#203	Four or more visits a month	Yes	\$100,000 or more	I love the North Orchard Park pickle ball courts. We would use area more if it had lights. I would even pay for tokens to operate lights if available. I love Lagoon Valley Park. I hike the trails and ride my mountain bike there. We also trailer in our horses to ride there. My children love North Orchard Park. We really appreciate how well maintained the park at Orchard is. Please don't ever put bathrooms in that park, it brings in the homeless.
F45-54	#212	Four or more visits a month	Yes	\$75,000 to under \$100,000	Softball.
F45-54	#214	About one visit a month	Yes	\$50,000 to under \$75,000	I like watching my kids play ball at Keating.
F45-54	#216	Four or more visits a month	Yes	\$100,000 or more	Horse Creek Soccer facility, but I would like to see some nice bathroom facilities and more fields if possible. I don't understand why little league has such nice facilities (3 fields with nice facilities) and soccer cannot get the same. I believe the same if not more kids play soccer.

F45-54	#218	Two to three visits a month	Yes	Don't know / refused	When my kids we younger I would take them to Andrews Park a lot, it was nice back then (10 years ago). My son plays baseball at Arlington Park, which during baseball season I am there a lot. The park is kept up very nice and the city does a great job with the baseball fields.
F45-54	#219	Four or more visits a month	Yes	\$25,000 to under \$50,000	Soccer. We have enjoyed that since the day we moved here!!
F45-54	#221	Four or more visits a month	Yes	Don't know / refused	Softball-bobby Sox.
F45-54	#232	Four or more visits a month	Yes	\$100,000 or more	Lagoon Valley.
F45-54	#239	Four or more visits a month	No	\$100,000 or more	Pickleball, walking my dog.
F45-54	#241	Four or more visits a month	Yes	\$50,000 to under \$75,000	The swimming pool and walking at Lagoon Valley park.
F45-54	#243	Four or more visits a month	No	Don't know / refused	I like Andrew's Park. I hate the idea of multi living dwellings built there. Will the concerts have to stop because the residents complain about noise? Will the fireworks stop because they are so close to the new dwellings? There is not enough parking access for the additional cars the dwellers will own. Everyone knows most families do not own just one vehicle. I would hate for more traffic backup in this area. I have lived downtown for 24 years and enjoy all the activities put on there. There are plenty of lots for multi dwellings around the park. The old Vasquez site, Opportunity Hill, Wilson Street etc. Expand the park at the Andrew's site. It's the perfect area for a showcase park.
F45-54	#245	Four or more visits a month	Yes	\$100,000 or more	I enjoy using the swimming pool at the aquatic center and the hiking trails around the city.
F45-54	#246	Two to three visits a month	No	Don't know / refused	Areas to run my dog, city pool, lap swim, riding bikes on bike paths, parks. We need more places to exercise with our dogs. Although there is the dog park at Lagoon Valley it is very small. Perhaps one hour in the morning and one hour in the evenings of off leash time at neighborhood parks. We are assessed a fee for our neighborhood park (Stonegate). If we are paying for upkeep and maintenance of the park we should be able to run our pets their either a.m. or p.m. If not, we need to establish a large dog park in Vacaville for this purpose. Vacaville needs to build a new and/or larger Art Building. The one at Andrews Park is darling and quaint, but we need a larger space for culture and art. In addition, a teaching facility should be made part of a new location for our community art structure to include art classes, woodworking, culinary classes, etc. The current building is too small and restrictive to meet the needs of the community.
F45-54	#255	Four or more visits a month	Yes	Don't know / refused	Swimming! My whole family is involved in swimming. I swim Masters daily & lap swim on the weekends, my children both swim daily for the Vacaville Swim team and my husband lap swims on the weekends.

F55-64	#78	Four or more visits a month	No	\$75,000 to under \$100,000	I like the bike/walking trails. Wish there were more of them.
F55-64	#93	About one visit a month	No	\$75,000 to under \$100,000	Walking in the parks.
F55-64	#95	Four or more visits a month	No	Don't know / refused	We enjoy walking in Alamo Park and also taking the grandsons to Alamo Park, Orchard Park, Padan Park and The rope park in Browns Valley. Vacaville has clean safe parks in which to walk or run as well as areas to take children to safely play on the well maintained play structures.
F55-64	#96	About one visit a month	No	\$100,000 or more	I enjoy the walking in open space areas; along Brown's Valley Pkwy and in Lagoon Valley and the Pena Adobe Park. I enjoy the undeveloped environment; the birds and wildlife it attracts and the seasonal changes.
F55-64	#101	Four or more visits a month	No	\$100,000 or more	I love Lagoon Valley the most. It's more remote and offers a variety of walking areas, and it's typically dog friendly. So walking and dog walking are the favorite recreations, but those include bird watching, opportunities for photos, etc.

F55-64	#127	Four or more visits a month	No	\$100,000 or more	Walking at Lagoon Valley Park. I enjoy the outdoor exercise and especially appreciate the connection to nature. The lagoon is a magnet for so many waterfowl--geese, ducks, herons, egrets, and gulls. And it is great to see deer on the hillside. It is a great location for residents to get outdoors.
F55-64	#130	Less than one visit a month	No	\$100,000 or more	Parks. Alamo Buck park.

M18-24	#30	Less than one visit a month	No	Too little	More baseball fields.
M18-24	#49	Two to three visits a month	No	About right	If Vacaville was to expand the park I suggest putting bathrooms in the middle or throughout the field since it is so vast and it is a long walk to the bathrooms.
M18-24	#230	Four or more visits a month	Yes	Too little	Lacrosse fields.
M18-24	#270	About one visit a month	Yes	Too little	Don't know.

M25-34	#36	Less than one visit a month	No	Too much	None. We don't need a grandiose park. Save the money or spend it to fix up the run-down parts of town and the schools.
M25-34	#59	Four or more visits a month	Yes	Too much	None.
M25-34	#61	Four or more visits a month	No	About right	Haven't been.
M25-34	#87	Two to three visits a month	No	About right	None.
M25-34	#98	Two to three visits a month	Yes	Too little	More Soccer Fields, four is not enough for the growing soccer league. I'd also like to see some type of play area near both fields for those kids who get a little bored watching brother and sister play sports. Something for picnics and events would be good too. With so many sports leagues using that facility, event areas would be good for those leagues.
M25-34	#224	Four or more visits a month	No	Don't know	No answer.
M25-34	#227	Four or more visits a month	No	About right	Softball fields would be great. The diamonds at centennial are more aimed at little league baseball. They aren't big enough.
M25-34	#275	Less than one visit a month	Yes	Too much	If there are any improvements that can be made at this time to any of Vacaville's existing parks, the Vacaville Police need to do a much better job in their patrols throughout their shift. Why should there be graffiti in every park? I am afraid to take my 3 1/2 month old daughter to any park, because I am afraid of the types of people that seem to populate the premises every time I show up to a park.
M25-34	#276	Four or more visits a month	Yes	About right	Unknown.
M25-34	#277	Two to three visits a month	No	Too little	Water fountains and water activities. Future concerts sights. Summer night community concerts and consumer stands.
M25-34	#283	Four or more visits a month	No	Too much	Don't develop there. Put the money into Lagoon Valley.
M35-44	#12	Four or more visits a month	Yes	Don't know	Never been there, heard about it but never knew what was available there. Might go there sometime soon to see and enjoy.
M35-44	#33	About one visit a month	No	Don't know	No opinion at this time.

M35-44	#81	Four or more visits a month	Yes	About right	Surveillance cameras at all hours of the day and night so we can participate safely. Get rid of the graffiti. Get rid of the criminal element or those just waiting to participate in a criminal activity. Then we can all enjoy the parks.
M35-44	#99	Four or more visits a month	Yes	Too little	A few more soccer fields and area with benches.
M35-44	#108	Four or more visits a month	Yes	Too much	Gymnasium and racquetball courts.
M35-44	#109	Four or more visits a month	Yes	Too little	Softball fields and dog park.
M35-44	#116	Four or more visits a month	Yes	About right	It would be awesome to make it better.
M35-44	#153	Four or more visits a month	Yes	Too little	More soccer fields with lights and parking are needed.
M35-44	#158	Four or more visits a month	Yes	About right	All weather turf field.
M35-44	#171	Four or more visits a month	Yes	Too much	I feel that Centennial Park is reserved for Browns Valley residents and soccer leagues only. I further feel that it would be a waste of taxpayers money to focus on expansion of one of Vacaville's nicest and most modern facilities already.
M35-44	#177	Four or more visits a month	Yes	Too little	Expand the park to accommodate a better variety of sports and activities. i.e. girls softball.
M35-44	#179	Two to three visits a month	Yes	About right	Walking trails, Frisbee golf and areas that sport camps can be conducted.
M35-44	#187	Two to three visits a month	Yes	About right	Add more softball fields, seeing as how Bobby Sox has the most participants in Vacaville (vs. other baseball leagues) yet have the least amount of ball fields allocated to them.
M35-44	#195	Four or more visits a month	Yes	About right	Youth softball fields, more soccer fields.
M35-44	#198	Four or more visits a month	Yes	Too little	A tournament type baseball/softball facility similar to what was recently built in Woodland would be a great addition to the community as well as a terrific revenue source.
M35-44	#200	Four or more visits a month	Yes	Too little	I would love to see two all weather artificial turf lighted soccer fields for the winter time which would give rest to the natural grass lighted fields during the winter months for the year round Club Soccer teams. Soccer is a growing sport in Vacaville and their our more players playing at a higher level and playing for a longer duration throughout the year than before.
M35-44	#205	Four or more visits a month	Yes	About right	None.
M35-44	#207	Four or more visits a month	Yes	About right	Soccer fields, hiking trails, mountain biking trails, paracourse.
M35-44	#208	Four or more visits a month	Yes	Too little	Batting Cages, Paved parking in rear of baseball fields, improved grandstand seating and shaded areas, trees planted for shade, pave the walking areas around the fields, Build scoring booth and announcer structures behind home plate, improve concession stand capacity, picnic area improvement, beautify walking trails, incorporate pond area behind the fields as a grass, Frisbee, free space area

M35-44	#251	Two to three visits a month	Yes	About right	Maybe full size softball fields. skate park.
M35-44	#252	Four or more visits a month	Yes	Too little	50 meter swim complex. An updated version of the one that was put into the Master Plan back in the early 1990's.
M35-44	#262	Four or more visits a month	Yes	Too little	More fields and maybe a dog area.
M35-44	#273	Four or more visits a month	Yes	About right	Sounds like a great idea! I cant say the city has missed on much when developing recreation areas? maybe a bigger extreme park i.e.. skate/bicycle park...big! their inexpensive to build and a increasing number of our youth are getting seriously involved and need a viable outlet. at least a 2 acre area.
M35-44	#279	About one visit a month	No	About right	Shade would be nice.
M35-44	#286	Four or more visits a month	Yes	Too little	Add more bike trails, mountain and road bike.
M35-44	#293	Four or more visits a month	No	Too little	Make it more available to the general public. Right now it's use is only for youth baseball and soccer leagues. Add a sports center, dog park, 3 hole municipal golf course, and BMX trails and picnic area.
M35-44	#299	Four or more visits a month	Yes	Don't know	Don't know.
M35-44	#301	Four or more visits a month	Yes	Too little	I would love to see additional baseball fields, to allow the City to attract travel baseball tournaments. In addition, I'd love to see expansion of the walking trails around Centennial Park. There is a lot of existing land that could be used for walking trails, without infringing upon the Nut Tree Airport and public safety.
M35-44	#302	Four or more visits a month	Yes	Too little	Provide more fields for youth baseball...including travel tournaments. Vacaville is the perfect location (between Sac and the Bay Area) to host youth travel tournaments (i.e. baseball) which brings adults to local restaurants and hotels. Also - why not throw in some basketball courts (6 or 8)?
M35-44	#305	Four or more visits a month	Yes	Too much	I don't know.
M45-54	#4	Two to three visits a month	No	Too little	Expand trails.
M45-54	#7	Four or more visits a month	No	About right	None.
M45-54	#23	Four or more visits a month	No	Don't know	Don't know.
M45-54	#38	Two to three visits a month	Yes	About right	I would like to see a large part of the park developed for nature trails and exploring. Landscaping with native plants would be nice and would not require much upkeep. I am picturing a relaxing place for people to stroll or ride bikes after work. I live adjacent to this park and fairly close to one of the access points to the park, so it is and easy bike ride to get there.
M45-54	#51	Four or more visits a month	Yes	Too little	Baseball, softball complex modern turf fields etc. Basketball facilities indoor or outdoor with roof Football field.

M45-54	#92	Four or more visits a month	Yes	Too little	1) Expansion of the soccer facility at Horse Creek. During the soccer season, there never seems to be enough room at the various parks around town. Develop more fields at Centennial for a central place to have games (Like Al Patch for football and Keating, Nielson and Larson for baseball and softball. Soccer serves over 2,000 children per year - more than any other league 2) Permanent bathrooms. 3)More developed parking and policing of the parking area for traffic control (safety hazard for kids during busy times) 4)Large multi-use artificial field for all-weather play. Could be used for soccer, lacrosse, football, etc. 5) More lighted fields for expansion of winter play and practice.
M45-54	#100	Four or more visits a month	Yes	Too little	I see this park as half complete. It needs public picnic grounds with restrooms. Could use more soccer fields to get them out of city parks on Saturdays. Could build a nice soccer stadium that could be use for HS football as well. I know times are tough, but the soccer fields are ready for expansion. One field is already grated and there is room for two westerly fields that don't need too much improvements. Also, that Horse Creek could use a facility like baseball and Keading Park. Parking is also an issue. Between tennis and soccer, those old fields would make a good location for a stadium or all-purpose Basketball facility to relieve the pressure of George E Duke.
M45-54	#112	Four or more visits a month	Yes	Too little	More Soccer fields with restrooms and play area.
M45-54	#115	Two to three visits a month	Yes	Too little	Expand the facility to add more soccer fields (using all weather field turf), permanent concession stands/restrooms, and parking and road improvements.
M45-54	#119	Four or more visits a month	Yes	Too little	Add more soccer fields since the city parks limit participation of children and youth to only a few months out of the year.
M45-54	#121	Less than one visit a month	No	Too much	No opinion.
M45-54	#129	Four or more visits a month	Yes	Too much	Add 50 meter pool!
M45-54	#147	Four or more visits a month	Yes	Too little	More softball fields for kids. There are over 500 girls in Bobby Sox this year and they are stuck on 4 fields.
M45-54	#149	Four or more visits a month	No	Too little	Golf course.
M45-54	#164	Two to three visits a month	Yes	About right	None at this time.
M45-54	#168	Four or more visits a month	No	About right	None.
M45-54	#170	Four or more visits a month	Yes	Too little	More lighted baseball fields. Enclosed or covered Basketball courts. A Football stadium that can accommodate both High Schools. Similar to the one that Napa and Vintage High school built. This would then also be a lighted turf soccer field when not used for football.
M45-54	#174	Four or more visits a month	Yes	Too little	50 meter pool.

M45-54	#185	Four or more visits a month	Yes	Too little	Lights on the baseball fields. Additional basketball courts for other leagues other than the rec league. Football field foe Vacaville junior bulldogs. Running track for residents to exercise.
M45-54	#189	Four or more visits a month	Yes	Too little	I've lived here in Vacaville all my life..... I see mostly baseball or softball fields get built by the city. I would really like to see the City of Vacaville invest some of our money into soccer complexes. Its way over due.
M45-54	#191	Two to three visits a month	Yes	About right	Develop more dirt fields for the YOUTH leagues to play on.
M45-54	#192	Four or more visits a month	Yes	Too little	The pool space in Vacaville is very limited. A city this size should have additional aquatics facilities. Also additional soccer fields would be good.
M45-54	#193	Four or more visits a month	Yes	Too little	Increase the number of fields to allow Vacaville a chance at hosting larger tournaments that will bring needed dollars to the city. The quality of the fields at horse Creek surpasses many of the other facilities in the East Bay / Sac Valley area. We just need more to facilitate the younger age groups and possibly one stadium style field for the older kids.
M45-54	#209	Two to three visits a month	Yes	Too little	Baseball, softball fields.
M45-54	#211	About one visit a month	Yes	About right	Horse Creek at Centennial Park needs city support. Right now, it is being managed by a reasonably capable group of volunteers, who cover all costs of operation. They could use a paid administrator, but they have been managing to cover their costs and maintain the property as a group of volunteers. They don't have the financial ability to develop the land as it should be. A larger facility would allow them to host large soccer tournaments drawing from all over Cor Cal. It would boost hotel occupancy revenues, retail and shopping sales tax, restaurants and employment. Loosing the Travis Credit Union Baseball field at Nut Tree was a loss for community events like graduation, large fund raisers, regional sport events, etc. A multi use stadium at Centennial/Horse Creek would be a great addition to Vacaville.
M45-54	#220	Four or more visits a month	Yes	Too little	None.
M45-54	#236	Four or more visits a month	Yes	Too little	Add to Centennial and remove the team league games from neighborhood parks!!!!
M45-54	#253	Four or more visits a month	Yes	Too little	The soccer fields at centennial park are some of the best natural turf fields in northern CA. Only two of the fields are lighted and they receive abundant use from kids and adults alike. The addition of more fields as well as new lighting would allow for the usage to be increased while still maintaining the quality of the fields. A greater number of fields would also allow for Vacaville to host tournaments which would bring additional revenues to the city and its businesses.
M45-54	#254	Two to three visits a month	Yes	About right	Possibly surveillance to deter criminal activities such as the theft of the lighting wires from the soccer fields.

M55-64	#281	Four or more visits a month	No	About right	We need a lighted pickleball complex with 4 courts. You can convert one tennis court to 4 pickleball courts and accommodate many more people. Pickleball is primarily a doubles game and 16 people can play on 4 courts that are presently used by one tennis court with either 2 or 4 people.
M55-64	#291	Two to three visits a month	No	About right	Put in a dog park.

M55-64	#304	Four or more visits a month	No	About right	Hitting cages are needed to instruct kids one on one in the art of hitting a baseball/softball. Most city operated facilities we visit outside of Vacaville will have several hitting cages for the players to warm up before a game or to be instructed in hitting a baseball/softball during practice time. These cages take up very little park space. Since only one player at a time will be inside the cage, they are efficient and safe. A coach or instructor can pitch hundreds of baseballs to several players in a short period of time. Exposure to hitting helps the young players to develop their swings. This exposure relaxes the player during at bats in a live game. Being relaxed in the batters box allows the hitter to see the pitched ball and react to it quickly. Bottom line is you just cannot get too much quality batting practice.

M65+	#295	Four or more visits a month	No	Too little	Put lights up for the two baseball fields that currently don't have them. Convert two tennis courts to pickleball courts which each one can then be 4 pickleball courts or at least paint pickleball lines on existing tennis courts. Install lights so that either tennis players or pickleball players can play after dark.

F18-24	#151	Two to three visits a month	No	About right	More places to sit and eat.
F18-24	#165	Four or more visits a month	No	About right	Add more soccer fields and possibly other sport courts such as tennis or basketball.
F18-24	#249	Four or more visits a month	No	About right	I would love it if the park was open later.
F18-24	#257	Four or more visits a month	No	Too little	A new indoor lap swim pool would be great at Centennial park.
F25-34	#1	About one visit a month	Yes	About right	Not sure... I don't use this park because of it's distance from my house, and there is nothing spectacular there for me to make the drive. Not sure what could be added that would make the drive worthwhile, but it would have to be something that is not already offered in other areas of the City.

F25-34	#52	Four or more visits a month	Yes	About right	A dog park would be wonderful! A playground area would also be nice. I already use the trails a lot.
F25-34	#69	Two to three visits a month	No	About right	No Comment. I have never been there.
F25-34	#77	Four or more visits a month	Yes	About right	I have not visited it so I don't know.
F25-34	#103	Four or more visits a month	Yes	Don't know	Living on the other side of Vacaville, I think this park fails to serve the stated purpose of serving the whole community of Vacaville as it is too far for it to be worthwhile for my family and I to visit it. My opinion is that the funding that would go towards expanding that area would be better spent spread out through the other recreational areas in the city.

F25-34	#124	Two to three visits a month	No	Too little	There needs to be a GIANT dog park, and multiple dogs parks. And one specifically for small dogs because they tend to get trampled by the big dogs. An outdoor stage and lots of grassy area like Andrews park. A duck pond Expand the running/walking trails. Big picnic areas. Pretty much make it as much as possible like Golden Gate Park in San Francisco. It's such an awesome place to be.
F25-34	#140	Four or more visits a month	No	About right	Please add a 50 meter pool to the park.
F25-34	#148	Four or more visits a month	Yes	Too little	It would be great for the community the expansion of centennial park.
F25-34	#183	Four or more visits a month	Yes	Too much	More kid-friendly. More grassy areas, more playground equipment.
F25-34	#188	Two to three visits a month	Yes	About right	Need more softball fields.
F25-34	#215	About one visit a month	Yes	About right	Another bobby sox field is really needed.
F25-34	#240	Four or more visits a month	Yes	Too little	Put some girls softball fields in their. Currently the fields for baseball are for boys only.
F25-34	#248	Four or more visits a month	Yes	Too little	I would like a new 50 meter pool at Centennial Park and the pool facilities are very important to our community. The 50 meter pool was part of the City's Master plan back in 1990 so the request is not far fetched.
F35-44	#8	Four or more visits a month	Yes	Too little	Batting cages, lights, playground.
F35-44	#13	Four or more visits a month	Yes	About right	Splash park.
F35-44	#21	Two to three visits a month	No	About right	Connecting paths to other parts of the city.
F35-44	#29	Two to three visits a month	Yes	About right	Bigger trees, it's hot there.
F35-44	#31	Two to three visits a month	Yes	Don't know	I am unfamiliar with Centennial Park, but something I do think is needed in Vacaville is a park with shades and water features for the heat of the summer.
F35-44	#34	Four or more visits a month	Yes	About right	Bleachers for baseball field. Football field.
F35-44	#39	Two to three visits a month	Yes	About right	None.
F35-44	#40	About one visit a month	Yes	Don't know	I don't go there so I don't know.
F35-44	#43	Four or more visits a month	Yes	Don't know	Walking path or maybe a track like the on near the prison.
F35-44	#54	Two to three visits a month	No	About right	I would LOVE to have a place where I can take my dog and toss a tennis ball or Frisbee for him. The Dog Park in Lagoon Valley does NOT allow ANY toys or balls. There is not a single LEGAL place besides my tiny back yard that I can toss a ball for my dog. The Bullpen over at Eleanor Nelson Park would be perfect because it is fenced in and is the perfect size but even though that park sits totally empty for half the year...I can't use it to toss a ball for my dog. Having some runs built like that where you could rent them for 20-30 minutes to be allowed to toss a ball for your dog would be GREAT! I would be MORE than willing to pay \$10-15 for 30 minutes to give my kids a safe place to chase a tennis ball. It's ridiculous that you make a dog park but you can't play with your dog in it.

F35-44	#65	Two to three visits a month	Yes	About right	None.
F35-44	#85	Four or more visits a month	Yes	About right	No specific suggestions.
F35-44	#105	Four or more visits a month	Yes	Too little	More soccer fields, to allow all of the games to be in one central location, to make games easier on parents with multiple children playing. Real bathrooms, and a drinking fountain for children who do not have water with them. A fun area near the fields for younger siblings.
F35-44	#106	Four or more visits a month	Yes	Too little	We need more soccer fields!! Develop it like a complex..so that it attracts sporting events and visitors. Snack shacks, lights, grassy areas and parking. We could hold large soccer tournaments to attract visitors to Vacaville! Those visitors would utilize our shopping, hotels, restaurants, etc.. Help put Vacaville on the Map!!!
F35-44	#114	Four or more visits a month	Yes	Too little	Not sure what you have in the works but I say expand away!! Add baseball and soccer.
F35-44	#126	Two to three visits a month	Yes	Don't know	Haven't been there.
F35-44	#133	Four or more visits a month	Yes	About right	I'm told there was talk of a pool at that location a long time ago (before we moved to VV). The pool now is VERY, over crowded when it is open for public swim so I'd like to see another public pool.
F35-44	#137	Four or more visits a month	Yes	Too little	Add an aquatic center with a 50 meter pool and appropriate locker shower and changing facilities. The current aquatic center is too crowded. The masters swimmers and the youth swimmers do not have acceptable swim or changing space.
F35-44	#138	Four or more visits a month	Yes	Too little	We need a true Aquatic Center. We need a 50 meter pool for sure. Our city has grown out of the Walter Graham center. The Vacaville Swim Club has almost 200 swimmers and we have swimmers from all over northern California to this pool at least twice a year. When kids have to practice 5 kids to a lane because of lack of space, it makes it difficult for them and when swim lessons through the city have to be done in multiple locations, there are challenges as well. As a family we travel many miles to swim and have fun at other Aquatic Centers at least an hour away. Why not keep that money in our own community? Also, the city soccer recreation league needs to have access to lit fields as well as the competitive leagues. Flushable toilets would be an added bonus as well.
F35-44	#143	Four or more visits a month	Yes	About right	ONLY IF THE CITY approves the continuation of Allison Road as originally planned. NEED additional entry/exit if this grows and additional parking for the area. As it is, many families park in non-paved areas during part of soccer/baseball season.
F35-44	#144	Four or more visits a month	Yes	About right	Soccer field, basketball court, skateboard park, baseball field.
F35-44	#145	Four or more visits a month	Yes	About right	I would like to see a new 50 meter pool put in..there was a plan to put in a 50 meter pool in 1990 and it never happened. Swimming is a great sport and one the best sports for kids to participate in.

F35-44	#155	Four or more visits a month	Yes	Too little	I would love to have a 50 meter pool for the community. In an arid city like Vacaville, we need at least 2 community pools and the Walter Graham Aquatic Pool is just not enough for a growing city. Swimming is not just imperative to learn but also a great outlet for the young and old. With the increasing risk of obesity in children, a pool with be a great start to fight the battle of the bulge.
F35-44	#156	Two to three visits a month	Yes	Too little	Girls' Softball, please! Lots of players and not enough fields for us in Vacaville!
F35-44	#159	Two to three visits a month	Yes	About right	Better bathrooms and parking.
F35-44	#160	Four or more visits a month	Yes	About right	Add fields for girls softball.
F35-44	#162	About one visit a month	Yes	Don't know	I would like to see more softball fields. The baseball leagues have way better facilities. And why?? Bobby Sox has over 500 girls that play each season and we don't have enough fields for practice or games.
F35-44	#175	About one visit a month	Yes	About right	There should be Bobby Sox fields.
F35-44	#178	Two to three visits a month	Yes	About right	More softball fields.
F35-44	#180	Four or more visits a month	Yes	Don't know	Vacaville DEFINITELY needs to add more softball fields where young girls are able to learn the sport. My husband and I have coached both baseball and softball and its so sad that the girls are usually left out when it comes to softball. I've lived here for 13 yrs and I always see the baseball leagues basically using the majority of parks for baseball but the softball league gets two parks. I honestly don't know why that is but something DEFINITELY needs to change.
F35-44	#184	Four or more visits a month	Refused	About right	I believe to expanded the centennial area would help to bring income to our area And help us to show we value our youth. I have been around many local towns that have amazing sports complexes. These towns offer a great experience for local teams and visiting teams.
F35-44	#186	Four or more visits a month	Yes	About right	A 50 meter pool for the Vacaville swim club. We have the worst and smallest accommodations to represent Vacaville for swim meets. The team would bring more events if better accommodations were available. Currently, we have to drive to Solano Community College to allow our teams to practice in a 50 meter pool.
F35-44	#197	Four or more visits a month	Yes	Don't know	I do not know much about this park.
F35-44	#199	About one visit a month	Yes	Too little	We need more baseball and softball fields for our children of Vacaville. We as parents try to start a good exercise and positive group activities with our children and it does not help when there is not enough fields allocated for all baseball/ softball teams of Vacaville. We are sharing one field with two other little league teams and we still do not have a field for our bobby sox team. All our games start on March 3 , and this does not give the girls very much practice time.
F35-44	#206	Four or more visits a month	Yes	Too little	More SOFTBALL fields.

F35-44	#210	Four or more visits a month	Yes	About right	Bathroom would be useful. As for expansion and addition soccer fields, we definitely need them.
F35-44	#217	Two to three visits a month	Yes	Don't know	The Bobby Sox league needs more fields it is not fair that the boy leagues have all the space these girls deserve to have fields to play and practice on. We win national titles for Vacaville every year its time Vacaville shows them some respect!!
F35-44	#222	Four or more visits a month	Yes	Too little	Softball fields we have enough baseball fields. 3 different little league teams and they all have their own park. Vacaville has one big softball program with over 500 girls and they have 1 park with 2 fields. All three little league teams don't have over 500 players. Time for a change!!!
F35-44	#225	Four or more visits a month	Yes	About right	Bathroom facilities improved and/or expanded.
F35-44	#226	About one visit a month	Yes	Too little	I would love to see additional softball fields added. My daughter plays softball, but there's just not enough fields available for use. They are taken over by baseball.
F35-44	#229	Two to three visits a month	Yes	Too little	Add some softball fields for practices or games.
F35-44	#231	About one visit a month	Yes	About right	Softball fields are badly needed in this area. Vacaville should stop telling girls they are not as important as the boys.
F35-44	#233	Less than one visit a month	Yes	Too much	I believe Centennial Park does not need to be expanded. The money could be better used to improve some of the other parks (on the other side of town, such as better lighting, bathroom facilities, etc.
F35-44	#234	Four or more visits a month	Yes	About right	Another skate park, pool facility, and track with stations to stop and do pull ups etc, like at Alamo Park.
F35-44	#235	Four or more visits a month	Yes	About right	We'd like to see a pool, specifically a 50 m one added. Also would be great to see a multi-purpose indoor facility, stadium, expanded Soccer fields, picnic area, dog park, and restrooms.
F35-44	#237	Four or more visits a month	Yes	Too little	I would like to see another community pool with lap lanes and swim lessons.
F35-44	#238	Four or more visits a month	Yes	Too little	Would love to see more soccer and baseball areas that can be used for games as well as practice fields. Another idea would be a park with a water feature for kid play. Visited one in Yuba City last summer and it was fantastic. Just had some various water features and the kids played, stayed cool and had a great day with no cost to us.
F35-44	#244	Four or more visits a month	Yes	Don't know	No answer.
F35-44	#247	Four or more visits a month	Yes	About right	I would prefer to see Lagoon Valley Regional Park and Pena Adobe Park expanded, as those are the true gateway to Vacaville.

F35-44	#256	Four or more visits a month	Yes	About right	Put more trees around Horse Creek. A lot of the soccer games are late spring, into summer and early fall. It gets really hot out there and needs more shade areas. They also need bathrooms out there. They host the most kids in the city but do not have adequate facilities to run it. Some of the baseball fields need shade covers over the stands and lights so the fields can be used more too. I think some of the other parks should be fixed before more work is done to Centennial though.
F35-44	#258	Four or more visits a month	Yes	Too little	If the city could add more fields to fulfill the needs of the youth sports organizations that would be my top priority.
F35-44	#272	Four or more visits a month	Yes	Don't know	Don't know.
F35-44	#280	Four or more visits a month	Yes	Too much	It is my understanding that unless I pay to put my child on a team (soccer or baseball) I am not welcome to spend my time there. No I am not interested in funding VYSL any longer. I would improve it by making it public.
F35-44	#284	Four or more visits a month	Yes	About right	I know it's dangerous, but possibly a skate board/BMX bike area. We were in Turlock and the park we walked to had one and we enjoyed watching the action. Bathrooms!
F35-44	#285	Four or more visits a month	Yes	About right	Finish developing it. Multi-purpose indoor facility, Stadium, expanded Soccer fields, picnic area, dog park, and restrooms.
F35-44	#294	Four or more visits a month	Yes	Don't know	Trails, maybe a dog park.
F35-44	#300	Four or more visits a month	Yes	About right	Water fountains.
F35-44	#303	Two to three visits a month	Yes	About right	I don't have a suggestion. We have not been there very often.
F45-54	#5	Four or more visits a month	No	Don't know	Increase capacity for soccer games, so neighborhood parks such as Stonegate Park can be more available to the homeowners in the area who pay taxes and fees to maintain the park.
F45-54	#24	Four or more visits a month	No	About right	No comment.
F45-54	#42	About one visit a month	No	Don't know	I don't know.
F45-54	#47	Four or more visits a month	Yes	Too little	Give us more ball parks for the boys and the girls, we are in desperate need of practice fields in this town.
F45-54	#53	Four or more visits a month	Yes	About right	More walking paths with lights for the daylight savings time hours.
F45-54	#55	Four or more visits a month	Yes	Too little	Lots of trees, meandering pathways, large group shaded picnic area(s), gardens with benches (perhaps a manicured garden area for meditation, wedding ceremonies, etc.), large open turf areas for kite flying, sports, etc., a dog park, a playground (with shade), big mature shade trees.
F45-54	#56	Two to three visits a month	No	About right	A young adult size skate park. Exercise course. Trees for shade.
F45-54	#57	Two to three visits a month	Yes	Too much	None.

F45-54	#60	Four or more visits a month	No	About right	A large well thought out Frisbee Disk Golf setup. Have a fair amount of hiking trails that are also dog friendly. maps of the area (also maps of lagoon valley) with all hiking trails shown.
F45-54	#62	About one visit a month	Yes	Don't know	I'm not sure since I'm unfamiliar with Centennial Park.
F45-54	#67	About one visit a month	No	About right	As long as it is kept in nature state, not chopping down trees and redoing landscape, keep it with nature and just have a trail for bicycles and a path for hiking.
F45-54	#74	Four or more visits a month	Yes	Don't know	I think it would be great to offer an area that offered the many different varieties of fruit trees that we are fortunate enough to have grow in our beautiful city. I think this would be a great learning experience for our children, families, and even our seniors too. I think it would offer a great area for parents and teachers to teach our students about the process of growing fruit. Many children these day think that fruit comes from the grocery store, and that's where it grows.
F45-54	#80	Four or more visits a month	No	Don't know	Consider the future growth, better to get the space you need now for future generations.
F45-54	#83	About one visit a month	No	About right	More trees and walking paths. Picnic area with Gazebo's.
F45-54	#104	Two to three visits a month	Yes	About right	Additional Soccer fields in that area would be great.
F45-54	#113	Four or more visits a month	Yes	About right	Don't have an opinion on this.
F45-54	#118	About one visit a month	No	Don't know	More interactive activities.
F45-54	#123	Two to three visits a month	Yes	Too little	More diamonds.
F45-54	#139	Four or more visits a month	No	About right	Add another community center.
F45-54	#141	Four or more visits a month	Yes	About right	Please add a 50 meter competition pool. Our family uses the swimming facilities regularly. With two sons who are competition swimmers it would add so much. Currently we have to travel to Solano Community College (Fairfield) in the Spring and Summer for their Long Course season. We spend so much on gasoline just getting them to and from practice. During this time they need the additional distance to be competitive with other swimmers in the area. The revenue base from an expansion like this will also increase the number of hosted swim meets in the area and add to the revenues of the city from out of town guests at these meets.
F45-54	#146	Four or more visits a month	Yes	About right	No suggestions.
F45-54	#152	Four or more visits a month	Yes	About right	Pool.
F45-54	#154	Four or more visits a month	Yes	About right	Just don't take away our baseball fields and soccer fields. We will be very upset.
F45-54	#163	Four or more visits a month	Yes	Too little	Add more lighted softball fields for the area Bobby Sox league to play on.
F45-54	#166	Two to three visits a month	No	About right	Have the walking trail loop back around behind the soccer fields.
F45-54	#169	Four or more visits a month	Yes	Too little	Absolutely.

F45-54	#190	Two to three visits a month	Yes	Too little	You need to allow Vacaville Bobby Sox to use more fields for practices and games!!!! Our league encompasses the entire city rather than just a portion like Little League. We have over 500 players from ages 4-18. The Nelson Fields aren't enough for games. We have to reserve Larsen fields for practices and make-up games!! Please give us more fields!!!!!!
F45-54	#194	Less than one visit a month	Yes	Too little	More recreational activities besides group sports like baseball or soccer.
F45-54	#196	Four or more visits a month	Yes	Too little	More softball parks are needed. We need to keep the kids engaged in sports, which is hard to do when there is not enough ball fields to play on.
F45-54	#201	Four or more visits a month	No	About right	None.
F45-54	#202	Four or more visits a month	Yes	Too little	More ball parks for Bobby Sox. Shame on all of you for not providing adequate space for over 500 girls...I smell discrimination.
F45-54	#203	Four or more visits a month	Yes	About right	Put in pickle ball lines on tennis courts.
F45-54	#212	Four or more visits a month	Yes	Too much	Build more softball fields for Bobby Sox so that they can keep the adult softball fields for the adult softball players. The fields now get messed up from the bobby sox and having all the different pitching rubbers on the field and moving the bases all the time. The Bobby Sox also leave a lot of trash behind after their tournaments. Keep the adult softball fields for the adult sports leagues.
F45-54	#214	About one visit a month	Yes	About right	Better parking (more) and more shade trees for spectators.
F45-54	#216	Four or more visits a month	Yes	Too little	Please read my previous response regarding the Horse Creek Soccer facility. I feel Centennial has great baseball facilities and the soccer fields are the nicest fields in Northern California, however the facilities at the soccer complex are embarrassing for the city. The addition of a turf soccer field would also be an asset, providing the soccer league the ability to bring in more teams for outside areas, thus more spending dollars for the merchants. I would also consider putting in softball facilities at the park and possibly another dog park.
F45-54	#218	Two to three visits a month	Yes	About right	The baseball fields are in good condition, the tennis courts need to be re-surfaced.
F45-54	#219	Four or more visits a month	Yes	Too little	It would be most beneficial to Vacaville to expand Centennial Park, especially the soccer area. We have great fields, but lack in the restroom and snack facilities. It would be great to see expansion of that and some more fields so we can host tournaments and bring the money to Vacaville!
F45-54	#221	Four or more visits a month	Yes	About right	More softball fields, track, trails.
F45-54	#232	Four or more visits a month	Yes	Too little	Just more soccer fields. Having so many games at other locations that are not designed for or intended for soccer is not ideal. It's a popular and great activity in the community!
F45-54	#239	Four or more visits a month	No	Don't know	Lighting.

GENDER & AGE?	ID#	Q2. FREQUENCY OF VISITING VACAVILLE PARKS?	CHILDREN 17 OR YOUNGER?	Q4c. AMOUNT OF LAND ALLOCATED TO CENTENNIAL PARK?	Q5. SUGGESTIONS FOR IMPROVING OR ADDING TO CENTENNIAL PARK?
F45-54	#241	Four or more visits a month	Yes	About right	Another swimming facility would allow greater numbers of children and adults to enjoy this exceptional type of activity.
F45-54	#243	Four or more visits a month	No	Too little	More acreage less development. More baseball fields and soccer fields. Maybe 75 acres of space.
F45-54	#245	Four or more visits a month	Yes	Too little	I think that an additional swimming pool facility at this location would benefit the community and draw visitors from surrounding areas into our town.
F45-54	#246	Two to three visits a month	No	About right	Build a large, open dog park. It's a perfect location. Lagoon Valley Dog Park is too small.
F45-54	#255	Four or more visits a month	Yes	Too little	My family would LOVE to see a 50 meter pool built. It was in the plan in 1990 and it would be a real boost for our community to have a better pool. There are so many talented swimmers in our community!!!!
F45-54	#259	Four or more visits a month	Yes	Too little	As a member of Vacaville Swim Team, we are in dire need of a larger pool (50 meter) that serves for long course training. Every year, parents and swimmers has to drive to Solano College five days a week to train for long course which is not very convenient for parents as we have to wait there while our swimmers practice for 3 hours. This is a very competitive swim team that produces swimmers that are college level, so a 50 meter pool would a much needed addition to Centennial Park.
F45-54	#271	Four or more visits a month	No	About right	No opinion.
F45-54	#274	Four or more visits a month	No	Don't know	It seems to be quite windy in that area so whatever expansion is done the wind factor should be taken into consideration. I play pickleball 3 times a week & would love to see lighted pickleball courts in Vacaville. It is impossible to play pickleball on windy days though so this park might not be the best place for pickleball courts.
F45-54	#288	About one visit a month	Yes	Don't know	You know, I live near the park but have only been to it a couple times. It's not an area that is of much interest to my family. We prefer other parks, especially the neighborhood parks like Cannon Station Park.
F45-54	#289	Four or more visits a month	No	Too little	More Bike trails and More Ag use, like Horse Show ring.
F45-54	#296	Four or more visits a month	Yes	Too little	More soccer fields and a better walking track.
F55-64	#11	About one visit a month	No	Don't know	There are interesting new types of children playing equipment. They have the ones that have rock climbing walls, tunnels to walk thru. Maybe some that has in mind for disabled kids. I feel we need to give the younger kids a place to get out and enjoy the outdoors. Maybe one that has a pond for them to fish at. A nice walking park with different stations for kids to interact with nature.
F55-64	#15	About one visit a month	No	About right	Don't have any suggestions.
F55-64	#25	Four or more visits a month	No	Too much	None.
F55-64	#27	Four or more visits a month	No	Too little	Don't care to answer.

F55-64	#58	Four or more visits a month	No	Too little	Build another swimming Pool complex Put in a pitch and putt golf course.
F55-64	#63	About one visit a month	No	Too little	Add a park to the south side of town don't expand Centennial.
F55-64	#78	Four or more visits a month	No	Too little	This seems like the park dedicated to sports fields. If we need more soccer or baseball fields, this would be a good place to put them. Maybe add a basketball complex, gym and even a pool -- make it a complete athletic center. Come to think of it, this location could really use a pool.
F55-64	#93	About one visit a month	No	Too much	Neighborhood parks are more utilized by citizens. Extravaganzas are expensive and take funds away from the smaller parks.
F55-64	#95	Four or more visits a month	No	About right	Since our grandchildren do not live in Vacaville, we have not had the opportunity to use Centennial Park. I have heard from friends that more lighting is needed so play can be extended in this facility.
F55-64	#96	About one visit a month	No	Too little	Walking and biking trails would be my only suggestion. The soccer, tennis courts and ball fields are underutilized and should be re-evaluated. It is just too developed within sight of the VV parkway. It just looks like another strip mall.
F55-64	#101	Four or more visits a month	No	Too little	I think that it's very sports oriented now, I'd like to see some increase in areas for other recreation: walking, hiking, playground, and especially another dog park.
F55-64	#127	Four or more visits a month	No	Don't know	Actually, I haven't been to this Park. I look forward to going there for a walk.
F55-64	#130	Less than one visit a month	No	About right	Don't have kids in soccer...don't know.
F55-64	#131	Four or more visits a month	No	Don't know	Additional and longer bicycle paths through open spaces in north Vacaville are greatly needed!! Centennial Park could use a large, much needed, enclosed dog park. The one at Lagoon Valley is much too small. But it is better than nothing.
F55-64	#132	Four or more visits a month	No	About right	Public restrooms not portal potties. More seating. More basketball hoops. Drinking fountains. Places to picnic and have barbeques. How about a swimming pool and a gym.
F55-64	#150	About one visit a month	Yes	Too little	More mature trees, a weeded, developed picnic area with covers like Ridgeview, more A DOG PARK, and perhaps some playground equipment so families could enjoy the space.
F55-64	#161	Four or more visits a month	Yes	Don't know	I think a 50 meter pool added to the facility at Graham Aquatic Center would be beneficial to our Teams to train on par with other Teams in the area.
F55-64	#172	Four or more visits a month	No	About right	Exercise course, walking/jogging paths, pools.

F55-64	#173	Two to three visits a month	No	About right	I personally would like improvements and expansion of the soccer fields. My children played at that park when they were younger, and now my grandchildren will be going there as well. Parking needs to be expanded for the soccer fields as well as for the baseball fields. I would also like to see restrooms placed closer to all the fields, as there are families everywhere in the park, and little children need a clean safe place to go. I would like to see also playground equipment for the children there for the younger siblings of ball players to use. It would be nice to have another walking area/trails.
F55-64	#182	Two to three visits a month	No	Don't know	Little use of that area, windy, cold.
F55-64	#213	Four or more visits a month	No	Don't know	Why is this survey only include tennis courts as the only question where is pickleball, this city need to provide more outside sports fee instead fee base need pickleball lighted facility for year round play
F55-64	#223	Four or more visits a month	No	About right	PLEASE do not develop it with structured activities any more than currently, aside from perhaps adding some play structures near the softball fields where people already gather. It is such a joy to walk the open areas, the ONLY place in Vacaville where you can enjoy nature without buildings and streets nearby. There are plenty of lighted softball fields and neighborhood parks for activities, please keep this one somewhat wild.
F55-64	#242	Four or more visits a month	No	Too little	We need dog parks we don't have any close to us.
F55-64	#266	Two to three visits a month	No	Don't know	I don't know enough about it to comment.
F55-64	#268	Two to three visits a month	No	Don't know	Don't know never use.
F55-64	#269	Four or more visits a month	Yes	Too much	In view if the estimated increased senior population, I would suggest activities and facilities for seniors.
F55-64	#292	About one visit a month	No	About right	None at this time.
F65+	#16	Two to three visits a month	No	About right	The only thought I have is that over Christmas holidays, I wanted to take my grandchildren (from out-of-state) to a local soccer field and the gates were locked at this park in the early afternoon. So my suggestion is to have the park accessible to the public at least during daylight hours.
F65+	#37	Four or more visits a month	No	About right	Community gardens.
F65+	#41	Two to three visits a month	No	Too little	Add soccer fields and more baseball fields.
F65+	#94	About one visit a month	No	Don't know	Don't know.
F65+	#97	Two to three visits a month	No	Don't know	Why would you want to expand Centennial Park? Most people have to drive to get there and then leave once the sponsored game their child/adult is in. At the present time, I do not believe that this park is currently being used to its designed level.
F65+	#107	Two to three visits a month	No	About right	Perhaps a couple of more ball fields.

F65+	#120	Four or more visits a month	Yes	Too little	Add walking paths and dog park.
F65+	#125	Less than one visit a month	No	Don't know	I believe that additions/improvements should be put on hold until the economy rises. However, I believe that all developers should donate land where needed or pay in lieu fees for maintenance and/or future improvements.
F65+	#142	Two to three visits a month	No	About right	Bicycling trails. Swimming pool, tennis courts, all with lights.
F65+	#157	Two to three visits a month	No	Too little	A swimming pool would be great, I would surely make use of it.
F65+	#176	Four or more visits a month	No	About right	Build lighted pickleball courts surrounded by a solid wall (for wind reduction).
F65+	#204	Four or more visits a month	No	About right	It would be nice if Horse Creek had bathrooms. Also the tennis courts are always in terrible condition. I don't think anyone pays any attention to the courts at all.

F65+	#278	Four or more visits a month	No	About right	No comment.

M18-24	#30	Less than one visit a month	Moderately satisfied	The friendliness of staff.	More funding for aquatics activities.
M18-24	#49	Two to three visits a month	Moderately satisfied	I like how the parks give a chance for the kids of the community to play together and have fun.	I would like to see the parks maintained more frequently since their always seems to be something broken or them park is dirty with trash, but other than that the parks seemed to be taken care of quite well.
M18-24	#230	Four or more visits a month	Moderately satisfied	The ones that have available restrooms.	Additional fields/playground at Al Patch.
M18-24	#270	About one visit a month	Moderately satisfied	Family friendly.	More parks. Can never have too many.
M25-34	#2	Two to three visits a month	Very satisfied	Safe and clean playgrounds for toddlers.	Picnic benches at graham aquatic center.
M25-34	#36	Less than one visit a month	Moderately satisfied	I like the size of the parks.	Don't let the bums hangout in the parks, especially Andrew's Park. It deters me from going there.
M25-34	#59	Four or more visits a month	Moderately satisfied	All the facilities are well lit and safe.	More pride in maintenance and overall cleanliness of facilities.
M25-34	#61	Four or more visits a month	Very satisfied	The cleanliness and how well kept they are. I do think that the softball fields should be open to the public throughout the week though.	An indoor hangout for the families to watch from that would be warm in the winter and cool in the summer at the softball fields. (from the wife)
M25-34	#87	Two to three visits a month	Very satisfied	The maintenance of the facilities.	No answer.
M25-34	#98	Two to three visits a month	Very satisfied	Their locations for the most part are convenient for all city residents as well as users who travel here from other areas.	More city parks to handle more events.
M25-34	#224	Four or more visits a month	Very satisfied	Vacaville Adult Softball is well-organized. Look forward to playing every season. I have never witnessed any fighting between teams, the umpires are fair, the fields are well-maintained and the website (standings and scores) is always updated in a timely manner.	No answer.

M25-34	#227	Four or more visits a month	Moderately satisfied	Availability to the community. However there aren't enough softball fields easily accessible to the general public for practicing. It would be nice to be able to access al patch or Nelson on non game days to practice.	More softball fields. Expand al patch park. There's a lot of land out there. 3-4 more fields would be nice.
M25-34	#275	Less than one visit a month	Not very satisfied	If I can ever time my visits right, then I like how quiet the parks can be at times.	Please patrol the parks better. I am sick and tired of financially supporting big labor unions in Vacaville, just to see graffiti all over our park buildings and thug type trash inhabiting our parks. Why must I as a Vacaville resident of 13 years pay for police officers and their 90+ % retirement pensions if they won't do their job. We are letting our city go down the toilet way too quickly. Let's think about what we can do now with what resources we have instead of expanding our parks with money we don't have as a city.
M25-34	#276	Four or more visits a month	Very satisfied	Clean, Kept, Nice.	A place for kids to ride their Bikes, Similar to that of the skate park.
M25-34	#277	Two to three visits a month	Moderately satisfied	EMT trained guards (similar to lifeguards at a pool).	None comes to mind right now.
M25-34	#283	Four or more visits a month	Moderately satisfied	Hike, softball, soccer, mountain bike and fly airplanes.	Improve lagoon valley.
M35-44	#12	Four or more visits a month	Very satisfied	A good amount of options and variety. Seems that there is a park or facility in most parts of the city, each offering different activities or options to enjoy.	Open space for biking/hiking/walking/photography.
M35-44	#33	About one visit a month	Very satisfied	Walk Trails.	No opinion at this time.
M35-44	#44	About one visit a month	Moderately satisfied	Plenty of room for kids to play.	Playground equipment in Lagoon Valley, and Centennial Parks.
M35-44	#48	About one visit a month	Moderately satisfied	The cleanliness.	The bike trail needs to extend to the North side of town.
M35-44	#66	Four or more visits a month	Not at all satisfied	Available open space.	Vastly increase land devoted to open space.

M35-44	#73	Less than one visit a month	Not at all satisfied	Nothing really, unless the ego is taken out of the department.	Treat the baseball leagues the same!! Pony gets the shaft.
M35-44	#76	Less than one visit a month	Very satisfied	Well maintained.	Restrooms at all parks.
M35-44	#81	Four or more visits a month	Not at all satisfied	I don't think the groundskeepers know much about horticulture. I've talked to a few of them and they have no clue what the plants even are, much less know how to care for them. It appears that they're more interested in a paycheck than any passion for the parks. We used to have some really good parks workers who were quite interested in horticulturist and could prune without butchering, who talked to the park users, who spent some of their leisure time learning about plants. I hear rumors that some of the parks workers have criminal records, such as purse snatching and shoplifting. Who's hiring the parks workers? What criteria are you using?	Please improve Lagoon Valley Park. Lot of people like to climb the hills, including us.
M35-44	#99	Four or more visits a month	Moderately satisfied	The different sports you can play.	A indoor sports arena. For soccer, basketball, etc.
M35-44	#108	Four or more visits a month	Moderately satisfied	They are adequate.	Continue supporting the community with parks and recreational activities. This is a great thing for our kids and families.
M35-44	#109	Four or more visits a month	Moderately satisfied	Can't think of what I like most.	Softball fields.
M35-44	#116	Four or more visits a month	Moderately satisfied	I like the way they are taken care of.	Centennial Park expansion.
M35-44	#153	Four or more visits a month	Not very satisfied	For the most part, our Vacaville parks are clean and safe.	More lighted sports fields and more artificial grass sports fields.
M35-44	#158	Four or more visits a month	Very satisfied	Well lit and clean.	Bathroom at horse creek.

M35-44	#171	Four or more visits a month	Moderately satisfied	I like that most facilities are available for my family to use as well as school fields on weekends.	I would like to see more baseball/softball fields available for my children. I have grown up in Vacaville playing sports and feel it is necessary for our city to provide alternatives to hanging out, gangs, mischief, etc.
M35-44	#177	Four or more visits a month	Not very satisfied	Better upkeep and maintenance. More facilities to better accommodate all youth sports, such as girls softball.	Additional facilities to accommodate all youth sports and teams playing at the same time. Preference is given to certain leagues over others.
M35-44	#179	Two to three visits a month	Moderately satisfied	Basketball courts.	Restrooms.
M35-44	#187	Two to three visits a month	Moderately satisfied	How about you allocate more ball fields to Bobby Sox?	More ball fields for Vacaville Bobby Sox.
M35-44	#195	Four or more visits a month	Moderately satisfied	Accessibility, locations.	More fields for Bobby Sox.
M35-44	#198	Four or more visits a month	Not very satisfied	Our family enjoys the picnic areas and sports fields, especially the baseball/softball fields.	RESTROOMS!!!! It is unbelievable to me that most of the city's parks do not have ANY type of restroom available.
M35-44	#200	Four or more visits a month	Moderately satisfied	I like the fact that the parks have a safe feel about them and that my child can play with no worries of criminal activity. I also like that we do have soccer fields designated for the sport. It provides a home for the soccer community and something to be proud of because of how professional we look when teams from other areas come to play at our fields. Now we just need a couple of all weather fields to maintain the nice natural grass fields!!	Public bathrooms at Horsecreek soccer complex. We currently have portable toilets which in my mind looks very cheap.
M35-44	#205	Four or more visits a month	Very satisfied	The family atmosphere.	No answer.

M35-44	#208	Four or more visits a month	Not very satisfied	I like that they are centrally located and seem to be a gathering spot for the community -- Centennial, Ridgeview Park, Stonegate, etc. I would like to see improvements -- Centennial Park could incorporate a play area for smaller kids, a multiple unit batting cage facility -- which would produce significant annual revenue (Visit Davis Playfields for example)	Improved facilities -- incorporate the community if necessary in fundraising, facility maintenance, etc. for specific areas -- The community would take pride in the facilities if they were a priority of the City. Host more local events -- tournament baseball, etc. as Vacaville is very centrally located for Northern CA travel ball.
M35-44	#251	Two to three visits a month	Very satisfied	Mostly the safety we feel as family being at all the parks.	More bathrooms. Or bathrooms in general at every park.
M35-44	#252	Four or more visits a month	Moderately satisfied	They tend to offer a little bit of everything.	The re-allocation of funding for the park in North Village. The money was taken away to build or pay for other parks and now the money is gone to build the neighborhood park at North Village.
M35-44	#262	Four or more visits a month	Very satisfied	Clean, kid friendly, we do need more open areas without trees.	Bathrooms, and more open areas to throw/kick balls.
M35-44	#273	Four or more visits a month	Very satisfied	We enjoy a beautiful location in northern California. our parks reflect essence of our local very well. maybe plant more oaks!	Remove or better manage the usage of lagoon valley park by cows. they are a nuisance! they are in fact NOT helping the fuel suppression issues the city claims. they are polluting the lagoon water system. they destroy the entire park. and for what?
M35-44	#279	About one visit a month	Very satisfied	Generally well maintained.	Tend to the lawns more often.
M35-44	#286	Four or more visits a month	Moderately satisfied	They are usually clean and free of homeless hanging around.	Restroom.
M35-44	#293	Four or more visits a month	Very satisfied	The recreation programs are great. The facilities are nice, clean, and kept in good shape.	Additional indoor gym space.
M35-44	#299	Four or more visits a month	Moderately satisfied	I enjoy the openness of the parks and the lack of homeless people (except Andrews Park, but I don't usually go there).	Can't really think of one right now.

M35-44	#301	Four or more visits a month	Very satisfied	I think the City does a very good job maintaining the parks and athletic fields and works in partnership with the local sports organizations and volunteers. Together in partnership, Vacaville has some of the best parks and files in Solano County.	I would like to see the City actively work to attract travel ball baseball tournaments. This brings economic activity to the businesses in Vacaville and promotes the City in a very positive light.
M35-44	#302	Four or more visits a month	Very satisfied	The city parks always seem to be well maintained.	More practice fields for youth baseball.
M35-44	#305	Four or more visits a month	Not very satisfied	Baseball Fields at Arlington Park.	More baseball and softball (little league and bobby sox) fields and practice fields in southwest Vacaville.
M45-54	#4	Two to three visits a month	Moderately satisfied	The well kept trees.	Expanded trails and more bike racks.
M45-54	#7	Four or more visits a month	Not very satisfied	No comment.	Better maintenance of floor at the Duke center. It is usually dirty and slippery.
M45-54	#23	Four or more visits a month	Moderately satisfied	I appreciate that many of the community parks have had new playground equipment installed. I really like having the open space at Lagoon Valley and we love the hiking trails there.	An updated playground and picnic area at Lagoon Valley would be nice.
M45-54	#38	Two to three visits a month	Moderately satisfied	I like the open space and safe playground equipment.	Restoration of the undeveloped part of Centennial park to a semi-natural state with foot and bike trails to explore. I picture sort of a naturalized garden with plants suited for our climate without a large irrigation system or maintenance cost.
M45-54	#51	Four or more visits a month	Moderately satisfied	Usually are In good shape maintained well Usually clean and safe.	More utilization of centennial park with the publics input.

M45-54	#92	Four or more visits a month	Moderately satisfied	Well maintained and clean. Locations seem to be good for the various neighborhoods. Vacaville feels like a very kid-friendly community because of the parks and sports venues.	Bathrooms at parks. Most of the parks are in residential areas without any access to public restrooms. Especially with young children, you can't expect them to play for hours without restrooms. Forcing parents to drive the children to restaurants or other public facilities (or home!) to use the restroom increases traffic congestion at the parks, upsets neighbors and the various businesses that get used or DISCOURAGES USE OF THE PARKS by anyone who would need the facilities.
M45-54	#100	Four or more visits a month	Very satisfied	Easy access, somewhat clean, graffiti free, activity, pride Always good to see families and friends playing at the park. My kids and I have used most of the facilities around town, and all are high quality. You can tell that the Vacaville community takes ownership and pride in their parks.	Expand Soccer at Centennial Park.
M45-54	#112	Four or more visits a month	Moderately satisfied	Clean and neat. Good Job Maintenance department.	Tournament class soccer fields at Horse Creek.
M45-54	#115	Two to three visits a month	Moderately satisfied	They are in general safe, maintained facilities.	Restrooms at all facilities, and more dispensers for dog bags.
M45-54	#119	Four or more visits a month	Moderately satisfied	The location of the parks is good and easy to access.	More dedicated soccer fields and further development of the Horse Creek Soccer Complex. Have a building inside the soccer complex to hold conferences, coaches meetings, classes and training.
M45-54	#121	Less than one visit a month	Very satisfied	The parks and facilities are well kept for the most part, but the creek trails need more attention. Often times the trails are littered and graffiti.	I would like to have a curb cut-out for the Alamo hiking/bike trail at Nut Tree road so bicyclists don't have to ride on the sidewalk from Marshal to the trail.
M45-54	#129	Four or more visits a month	Moderately satisfied	Safety, community functions, Swim Club.	New Pool!

M45-54	#147	Four or more visits a month	Not very satisfied	There is no charge to use them.	Bathrooms.
M45-54	#149	Four or more visits a month	Very satisfied	The upkeep and maintenance.	New restrooms at Pena Adobe would be nice, but without removal of the oak trees.
M45-54	#164	Two to three visits a month	Moderately satisfied	Visually pleasing - relaxed atmosphere.	Racquetball court.
M45-54	#168	Four or more visits a month	Very satisfied	I use the pools the most. They are generally well maintained. The locker rooms are used heavily, they show it. Just do a walk through. The floors are really dirty. The toilets and urinal are gross. There has been a hook missing out of the wall for over a year. The some lockers have been broken for months. The locker rooms appear to lack basic upkeep.	It is a great city. I love living here.
M45-54	#170	Four or more visits a month	Moderately satisfied	Both soccer and Baseball fields at Centennial.	Enclosed Basketball Facility.
M45-54	#174	Four or more visits a month	Moderately satisfied	Many available, typically clean.	50 m pool. Less emphasis on baseball.
M45-54	#185	Four or more visits a month	Moderately satisfied	Creek walk is the best. Centennial park baseball fields are immaculate. That crew is great. I would like to see logo on valley kept up better. Other than that Vacaville needs more possibly a larger park.	More basketball courts, running track at centennial, nicer facilities at horse creek.
M45-54	#189	Four or more visits a month	Moderately satisfied	Cleanliness.	As I explained earlier.... A big improvement would be putting Soccer in mind for our children and families.
M45-54	#191	Two to three visits a month	Moderately satisfied	They are family friendly and for the most part the city keeps the rift-raft out.	Develop more dirt fields for the YOUTH leagues to play on.
M45-54	#192	Four or more visits a month	Moderately satisfied	For the most part they are available in each area of town.	Additional aquatics facilities.
M45-54	#193	Four or more visits a month	Moderately satisfied	The neighborhood parks are great. I especially like Alamo Park.	A snack bar center at Horse Creek.
M45-54	#209	Two to three visits a month	Very satisfied	The quality.	More variety of adult sports.

M45-54	#211	About one visit a month	Moderately satisfied	The people of Vacaville get involved and support youth sports and community events like Creekwalk and Downtown events. And it is safe for families.	Multi use community facility (similar to Travis Credit Union Park that was dismantled at Nut Tree).
M45-54	#220	Four or more visits a month	Moderately satisfied	That they are fun!!	More fields for softball-practice fields.
M45-54	#236	Four or more visits a month	Not very satisfied	Like the peacefulness of our neighborhood parks, remove all team plays.	Remove team plays from neighborhood parks.
M45-54	#253	Four or more visits a month	Moderately satisfied	The variety and locations.	Bathroom facilities at horsecreek.
M45-54	#254	Two to three visits a month	Moderately satisfied	I don't know.	More soccer fields.
M45-54	#260	About one visit a month	Very satisfied	I like the big trees.	I would like to see no new buildings. And International Dark Sky Association approved lighting.
M45-54	#265	Four or more visits a month	Moderately satisfied	Decent place to run, albeit not enough. Good place to walk the dog and the spouse. provide a visual break from the housing.	More trails for biking and pedestrian use to connect the city's parks and open space. Put actual trails in around the detention basins.
M45-54	#267	Two to three visits a month	Moderately satisfied	Family friendly , something for everyone.	Not sure.
M45-54	#298	Four or more visits a month	Very satisfied	Lagoon Valley trails.	Remove the cattle from the lagoon valley open space.
M55-64	#68	Two to three visits a month	Moderately satisfied	I don't know.	More neighborhood parks.
M55-64	#70	Four or more visits a month	Moderately satisfied	Well maintained for the most part.	None.
M55-64	#71	No visits in last six months	Very satisfied	No.	Too many maintenance people standing around doing nothing on the taxpayers dime- need new management.
M55-64	#75	Less than one visit a month	Moderately satisfied	Easy to use, well kept.	No answer.
M55-64	#79	Less than one visit a month	Moderately satisfied	Running and hiking trails.	More running and hiking trails.

M55-64	#82	Less than one visit a month	Very satisfied	The tennis courts and hiking trails.	Removing the bums from the Creek Walk and Andrews Park.
M55-64	#86	Four or more visits a month	Very satisfied	The upkeep.	Resurface of North Orchard tennis court. Its been more than 30 years.
M55-64	#90	Four or more visits a month	Very satisfied	The TREMENDOUS upkeep. Totally fabulous job by the city staff.	Trail access to the hills around Browns Valley.
M55-64	#91	Four or more visits a month	Moderately satisfied	Tidy and well kept.	Another golf course.
M55-64	#102	Two to three visits a month	Moderately satisfied	Family access to the neighborhood park.	Depends what park u are talking about.
M55-64	#111	Four or more visits a month	Very satisfied	Close by and well maintained.	More dog friendly parks.
M55-64	#117	Four or more visits a month	Moderately satisfied	We have nice facilities just need more.	50 meter pool with separate teaching pool.
M55-64	#122	About one visit a month	Moderately satisfied	The parks are well maintained.	None.
M55-64	#134	Four or more visits a month	Moderately satisfied	Bike and walking trails.	More bike and hiking trails.
M55-64	#135	Two to three visits a month	Moderately satisfied	The location are great.	Boxing gym.
M55-64	#167	Four or more visits a month	Moderately satisfied	Well spaced around town and kept up except Lagoon Valley.	Community gardens spaced around town.
M55-64	#181	Four or more visits a month	Moderately satisfied	I appreciate that the parks and recreation facilities are open in these tough economic times! Winters and Dixon have closed there swimming pools in the winter months!	The Walter Graham Aquatic Center pools are very over crowded and unsanitary in the warmer months! Vacaville needs another pool in order to ease the current overcrowded conditions.
M55-64	#263	Four or more visits a month	Moderately satisfied	They are safe and open to be used by all.	Bathrooms. How many times do you see a person hide behind a bush to pee. Our parks need restrooms. We are not modeling good sanitary habits to our young.
M55-64	#264	Four or more visits a month	Very satisfied	They are accessible from all areas of Vacaville.	Don't know.

M55-64	#281	Four or more visits a month	Not very satisfied	The Vacaville Pickleball club has given minimal support (lines on courts at Orchard Park), but we need a 4 court, lighted complex to measure up to other cities and attract more players. We have to deal with chalked lines and snobby tennis players in the Winter at Three Oaks. Even at Orchard in the summer the courts only meet minimum standards (the nets are not correct for example).	A dedicated 4 court lighted pickleball complex.
M55-64	#291	Two to three visits a month	Very satisfied	They are relatively spread out around the town.	Expansion of the off-road bicycle/pedestrian trails.
M55-64	#304	Four or more visits a month	Moderately satisfied	They are opened for the public to use.	Hitting cages at the public baseball/softball fields.
M65+	#3	Four or more visits a month	Not very satisfied	No comment.	No comment.
M65+	#10	Four or more visits a month	Very satisfied	Use Alamo Park for daily walking, very nice Rollie Simons and crew do there very best, thanks.	Please get control of the graffiti Please Please.
M65+	#14	Four or more visits a month	Very satisfied	Excellent maintenance.	Keep parks dog free.
M65+	#28	Four or more visits a month	Not at all satisfied	The City Government appears to have abandoned Lagoon Valley Park. The restrooms are appalling, picnic tables are falling apart, the children's playground area is rusting and unsafe, garbage is building up in the fenced in area on the I80 side, the area next to the Pena Adobe is totally trashed, etc. Had Triad continued with the residential and commercial development along with the golf course the park would have been effectively destroyed.	Inspect the park and replace those facilities and pieces of equipment that are in severe disrepair.

M65+	#64	Four or more visits a month	Very satisfied	I appreciate that the park maintenance department provides doggie bags that make it convenient for me to clean up after my dog. Unfortunately, there are still a large number of people who do not think that they need to clean up after their dogs.	One improvement I would like to see is enforcement of city ordinances that require dog owners to clean up after their dogs. Maybe if those violators received a ticket or citation, they would start to clean up after their dogs. I have also seen young people in the early morning hours on the weekend at Meadowlands park in sexual activity on the children's playground equipment. After seeing that activity, I would not take my great granddaughter to play on that equipment.
M65+	#72	Two to three visits a month	Very satisfied	We have an abundance of beautiful parks.	Rebuild the tennis courts at 3 Oaks by re-aligning them facing the direction opposite of what direction they presently face.
M65+	#84	Four or more visits a month	Moderately satisfied	Maintenance is generally above average.	Change the presentation of tennis courts at Three Oaks to avoid sun problem.
M65+	#89	Two to three visits a month	Very satisfied	Well maintained open areas with grass and tables.	None.
M65+	#128	No visits in last six months	Moderately satisfied	No.	More restroom areas.
M65+	#136	Four or more visits a month	Moderately satisfied	Lots of parks to visit.	More restrooms.
M65+	#250	Four or more visits a month	Very satisfied	I greatly enjoy using Lagoon Valley for walking and an occasional group picnic. we occasionally use Andrews and the park at buck & orchard for group gatherings. My grand children and families regularly use the pool and the baseball and football facilities. (I'm including CMF and school facilities.) I appreciate being able to reserve space. Also that they are well maintained.	I would like to see the old farm equipment at Pena Adobe area restored and better displayed.
M65+	#261	Four or more visits a month	Not very satisfied	No comment.	Try finishing what was started at Al Patch Complex.
M65+	#282	Two to three visits a month	Very satisfied	Very clean.	None.

M65+	#287	Two to three visits a month	Moderately satisfied	Green lawns and shade trees.	Improve the Pena Adobe---buildings and grounds.
M65+	#295	Four or more visits a month	Not very satisfied	Well maintained.	Bathrooms at all parks.
M65+	#297	Four or more visits a month	Moderately satisfied	Walking paths.	As a 30+ year resident of Creekside area, I am upset that no improvements have ever occurred. I discussed, with the Park & Rec Manager that I didn't even know that the park next to Serra Vista school even had a name (Creekside), and that it isn't well taken care of or improved. I was told it is because of a vote that the residents had back around 1979, and therefore, it is not a park district. I agree with the Kimmi Op Ed that the park districts should all be combined into a city-wide assessment. Having paid property taxes for over 30 years, I feel some of the money should be spent on something I actually care about. I have never even used the bloated police, fire, transit and maintenance services, and the several times needing ordinance enforcement from the building/planning department and community enforcement departments have been a joke.
M65+	#306	Less than one visit a month	Moderately satisfied	Pretty well maintained.	Trees or a golf course :)
F18-24	#46	About one visit a month	Moderately satisfied	Large grassy areas and cool play equipment.	I would like to see more trees and foliage in our city parks.
F18-24	#88	About one visit a month	Moderately satisfied	I like the big open grass fields for baseball and soccer games.	A porta-potty at every park.
F18-24	#151	Two to three visits a month	Very satisfied	Open space and a lot of grass in the parks, very family oriented.	Water fountains to drink.
F18-24	#165	Four or more visits a month	Moderately satisfied	I like when they are clean and have a friendly, welcoming environment.	More areas for sports.
F18-24	#249	Four or more visits a month	Very satisfied	I wish the bathrooms were up to date.	The bathrooms, the Pena adobe bathrooms aren't very nice.

F18-24	#257	Four or more visits a month	Moderately satisfied	The cleanliness and good atmosphere, good hiking trails at lagoon Valley, good grass.	A new lap swim pool at Centennial park.
F25-34	#1	About one visit a month	Very satisfied	I like that there are so many neighborhood parks for families to use throughout the city. I also like it that (most) of these parks are well maintained and safe.	Don't know.
F25-34	#6	Four or more visits a month	Very satisfied	They're spread throughout the city, so they're easy to get to. They're always clean.	Restrooms at more parks, even if they're outhouses.
F25-34	#9	Four or more visits a month	Moderately satisfied	I own a daycare and we visit the city's park several times a week. We enjoy visiting a variety of parks with different equipment. Most of the parks are clean and safe feeling. We don't usually go to the parks by Markham and behind the old Food 4 Less because we have found beer bottles and trash there.	I would like to see more climbing equipment for the kids to play on.
F25-34	#17	Less than one visit a month	Moderately satisfied	No answer.	Maps to open space.
F25-34	#18	Two to three visits a month	Moderately satisfied	We like neighborhood parks, where community happens among residents and friends are made. We also like walks or hikes and mini adventures for our son to learn and explore in nature without having to drive hours on the highway.	We would like to see a play structure with sealed rubber mulch for the residents of North Village, and some grass for all the kiddos to run about. Since there will not be a school for that area of Vacaville, a community meeting room or hall may also be appropriate in the more distant future.
F25-34	#19	Two to three visits a month	Very satisfied	Family friendly.	Make sure that all are free of graffiti.
F25-34	#20	About one visit a month	Moderately satisfied	Various things offered, tennis, disc golf, trails.	Disc golf.
F25-34	#22	Four or more visits a month	Moderately satisfied	I like the off street jogging trails as they provide a safe place to run or bike ride. I wish they connected so you didn't have to cross at the streets- see the bike trails in Davis with the over the street pedestrian bridges.	Additional playgrounds for toddlers. I live near several parks (Patwin, the one near Vaca Pena Middle, and the one near Arbor Oaks) but none of them have toddler swings. Overall I wish the playgrounds had more options for younger children.

F25-34	#26	Four or more visits a month	Moderately satisfied	I like the parks that provide restroom facilities when you bring the kids to the park. love the softball park at al patch if it would be better if it had a central located park and a fourth field.	A central located playground between the 3 fields at al patch so we can watch our kids.. and a fourth field.
F25-34	#32	About one visit a month	Very satisfied	I like how well maintained they are. The bathrooms are clean and equipment is fixed promptly.	None.
F25-34	#35	Less than one visit a month	Moderately satisfied	Accessibility.	None.
F25-34	#45	About one visit a month	Moderately satisfied	Grass, too much graffiti very insulting to small children, the crime in Vacaville is going up not many people want to hang out at parks with small children some parks have become unsafe.	clean up the current parks instead of adding more areas for crime. Like better lights on the bike trail. Because you see the creepiest people on the trail and feel very unsafe.
F25-34	#50	Four or more visits a month	Very satisfied	Always well maintained and landscaped beautifully. Alamo park was one of my favorite as a child to play and walk around with my mum. I love going to lagoon valley for the peacefulness and dog park. I live how Davis is so dog and bike friendly and I wish Vacaville could have more of that charm.	We do need another movie theater. Bredens is starting to get old and run downed like galaxy 8 was in the end. It would be nice to have a classy restaurant like the buckhorn. But for outside stuff I would love Vacaville to be more dog and bike friendly like Davis is. I love taking my dog to the Davis parks. A outside drive in movie theater would be really awesome to see in Vacaville, and lots of people could enjoy that. Old and young alike.
F25-34	#52	Four or more visits a month	Very satisfied	I like the trails at the parks. At the facilities, I like the garden area at Ulatis.	I would like to see expanded trails.
F25-34	#69	Two to three visits a month	Very satisfied	I like the open peaceful space.	None.
F25-34	#77	Four or more visits a month	Very satisfied	I love the activities offered the playground for children are kept clean safe and have variety.	I would love to see covered playgrounds so kids could enjoy them in all weather.

F25-34	#103	Four or more visits a month	Moderately satisfied	I like that pretty much wherever I live in Vacaville, there is a park that I can walk to. It may not be the biggest park or have the most high-tech play equipment but there is always a spot that I can take my kids or pets to play that is in walking distance. That is something that not every city this size can do and I appreciate that.	Bathrooms at every children's playground!!! I run a daycare and it is impossible to take the kids to any park that doesn't have a bathroom because someone always has to go during our playtimes.
F25-34	#124	Two to three visits a month	Moderately satisfied	My favorite park is Alamo Creek park with the running trail. I like the parks that have picnic areas.	I would like a park in North Village, because there is NOTHING out there and no where to take my dogs in my neighborhood.
F25-34	#140	Four or more visits a month	Moderately satisfied	I like the availability of the parks and facilities.	Increased monitoring and safety measures to protect the patrons who use the parks.
F25-34	#148	Four or more visits a month	Moderately satisfied	I like how there's a beautiful park in every neighborhood were kids gather and play also were all of the teams for all the out door sports have some where to practice and play their games, I love lagoon valley for nature hiking etc.	Centennial park improvement for sports.
F25-34	#183	Four or more visits a month	Very satisfied	Beautiful, clean parks. Lots of different playground equipment. Wonderful programs for kids through the park and rec facilities (soccer, swim lessons, etc.)	More bathrooms at more Vacaville parks. Please!
F25-34	#188	Two to three visits a month	Moderately satisfied	The great sense of understanding what the community desires/needs most and the persistence of city employees to deliver.	The City is in GREAT need of more Softball fields. There are plenty of fields available for all three baseball leagues running in town and with the greatest number of members (and growing) Bobby Sox is allocated the least amount of fields. I am a young mother, coach, mentor, active community member and I feel that this area needs to be addressed. The youth need more fields, if we don't have them, more need to be built.

F25-34	#215	About one visit a month	Moderately satisfied	I like to see artistry in a park. Don't like when they all look the same. Be creative, and get the neighborhood involved in it. I love Andrews park because of that.	More Bobby Sox fields!!!
F25-34	#240	Four or more visits a month	Not very satisfied	Well maintained most of the time.	Snack bar facilities are gross.
F25-34	#248	Four or more visits a month	Moderately satisfied	I like that there are a lot of parks in the neighborhoods.	I would like a new 50 meter pool at Centennial Park.
F35-44	#8	Four or more visits a month	Moderately satisfied	the large trees at parks like nelson and the park on buck,, just all the plants and different trees on the trails thru town.	Restrooms, racquet ball facility, more walls at the tennis courts to practice on your own.
F35-44	#13	Four or more visits a month	Not very satisfied	Shady areas, soft play surfaces, splash parks	Many many more splash parks, fencing around parks so that there is only one way in/out making it easier to supervise children. Play facility at new softball field. Improved toilet or added bathrooms at parks. Turf instead of grass in areas so children and parents with hay fever can still enjoy playing. Wi-Fi access would be cool :) Replace bark, rubber chips, etc with padding so kids can play with sandals or without socks and shoes filling up with uncomfortable items. Improved or added shady areas.
F35-44	#21	Two to three visits a month	Moderately satisfied	Pathways and hiking paths.	Again pathways that lead to other parts of the city. I currently live in an area where they are trying to develop the pathway system, but it is still to difficult to get to the parks from my house via pathway system. Also distribute maps of the parks and pathways systems in Vacaville so residents are educated about them.

F35-44	#29	Two to three visits a month	Moderately satisfied	Alamo Creek Park needs more maintenance. It has the ability to be a lovely park but for whatever reason there is never enough gravel and I find myself stepping into lots of potholes on the walking path. I'd say maybe more drought resistant plants and more rocks so it's more appealing for walking.	See previous. (Alamo Creek Park needs more maintenance. F35-44	#31	Two to three visits a month	Moderately satisfied	I love the Andrews Park area and all of the events there. I love the community centers and the activities provided there as well. I know that the sports camp at the ice rink this summer was a huge success with the kids in our family.	Shade and water features seem to me like they would be great additions.
F35-44	#34	Four or more visits a month	Very satisfied	That there are many of them.	Covered bleachers.
F35-44	#39	Two to three visits a month	Very satisfied	Cleanliness.	Unsure.
F35-44	#40	About one visit a month	Very satisfied	Clean!!! Open.	Restrooms at all of them.
F35-44	#43	Four or more visits a month	Very satisfied	The cleanliness.	At bathrooms to all parks.
F35-44	#54	Two to three visits a month	Moderately satisfied	No answer.	A place to be able to toss a ball for my dog legally.
F35-44	#65	Two to three visits a month	Moderately satisfied	Walking trails and playgrounds.	More bike trails and bike lanes.
F35-44	#85	Four or more visits a month	Very satisfied	That they are clean and available for the Vacaville community.	None.
F35-44	#105	Four or more visits a month	Moderately satisfied	Locations are nice.	More restroom options. These parks are visited by families with small children and having to pack up your whole family and gear just to run a little one who is potty training to the bathroom is a hassle. Also does not promote a child asking, because the chances of mom coming back are limited!

F35-44	#106	Four or more visits a month	Moderately satisfied	The city sports are suffering because they need more fields..not enough fields to practice city sports and cover the amount of kids that rec sports bring in!! Softball, baseball, soccer, etc.	Spend some money on developing our soccer fields!! Horsecreek needs help to expand!!
F35-44	#114	Four or more visits a month	Moderately satisfied	Baseball and soccer fields.	Nice grass and more fields.
F35-44	#126	Two to three visits a month	Moderately satisfied	I like downtown Andrews park and the creekwalk.	A new pool club with cabanas/covered seating with chairs.
F35-44	#133	Four or more visits a month	Moderately satisfied	Bathrooms at Calison makes it easier with little ones. The parks in general seem very well clean, or addressed when issues arise - such as graffiti.	Bathrooms at Cooper.
F35-44	#137	Four or more visits a month	Not very satisfied	The opportunity for people in the community to play, exercise and build community.	An aquatic center with a 50m pool.
F35-44	#138	Four or more visits a month	Moderately satisfied	I love that they are beautiful. They are well taken care of and there is something to do for everyone in the family. We like to visit a park a week in the summer time and we love what each park has to offer.	I would like to see flushable toilets/bathrooms at every park, especially ones that host soccer games and practices. Nothing worse than going to the park with no bathroom and your kids has to go!!
F35-44	#143	Four or more visits a month	Moderately satisfied	Lots of parks with a variety of playground area(s) for children, lots of bike paths around town	Parks/recreation facility or grounds in the North or North East side of town. Consider a facility to include pool, picnic facility, tennis, bike path.
F35-44	#144	Four or more visits a month	Moderately satisfied	Playground facilities for kids.	A skateboard park would be nice for the boys.
F35-44	#145	Four or more visits a month	Very satisfied	Would like to see restroom put in at Alamo Creek park.	More restrooms.
F35-44	#155	Four or more visits a month	Not very satisfied	The pool, BBQ/picnic areas, bathroom amenities.	There's plenty of room to build a pool at Centennial Park. Put it to use for everyone's benefit.
F35-44	#156	Two to three visits a month	Moderately satisfied	No answer.	More fields for softball.
F35-44	#159	Two to three visits a month	Moderately satisfied	For the most part I like them all. The only thing I would improve would be all of them having bathrooms.	Bathrooms.

F35-44	#160	Four or more visits a month	Moderately satisfied	A place for kids to play.	More fields for girls softball.
F35-44	#162	About one visit a month	Moderately satisfied	I feel the parks are fine but we need more recreation facilities (softball fields).	Again more softball fields for games and practice.
F35-44	#175	About one visit a month	Moderately satisfied	None.	I would like to see more fields for bobby sox. There are a lot of fields for baseball and adult ball. We need to focus on the kids with schools cutting sports we need to keep city programs. Bobby sox has a huge number of girls and not enough fields. Please increase fields for the girls.
F35-44	#178	Two to three visits a month	Not at all satisfied	Nothing.	More dirt softball fields.
F35-44	#180	Four or more visits a month	Not very satisfied	The atmosphere.	Build more softball fields for the kids.
F35-44	#184	Four or more visits a month	Moderately satisfied	The safety and the maintenance of the parks.	A sports complex with snack bar and bathroom facilities.
F35-44	#186	Four or more visits a month	Moderately satisfied	The quantity of community outreach and programs available through the city.	I am extremely upset by the quantity of graffiti that is taking over the city, streets and walking paths. Marshall Road and the Meadowland walking paths are mirroring the streets of LA. It is time to clean up our streets and parks.
F35-44	#197	Four or more visits a month	Moderately satisfied	They are clean and well maintained; there are man to choose from.	The only issue I currently have is the allocation for Bobby Sox softball practice fields. We represent a large part of our population yet given the fewest fields to practice. We offer something that few cities have... Softball for GIRLS... Yet the Little League gets the greatest allocation of fields. This city is supposed to be all about children and takes pride in what we have to offer to children, yet Bobby Sox doesn't receive enough practice space, seeing that much consideration goes to adult leagues as well. Perhaps what is needed is more available parks.

F35-44	#199	About one visit a month	Not very satisfied	Our children have fun at all parks but we need more fields.	We need more dirt fields for baseball and softball.
F35-44	#206	Four or more visits a month	Moderately satisfied	I like the paved/lighted walking/biking trails. I really appreciate Lagoon Valley's natural environment.	More softball facilities !!!!!
F35-44	#210	Four or more visits a month	Very satisfied	Very well kept up. The bathrooms are just right. we don't need paper towels or soaps. just running water to rinse our hands. Honestly can say that I LOVE all our parks.	Bathroom installed at centennial Park.
F35-44	#217	Two to three visits a month	Very satisfied	The Parks are always clean and safe BUT the Little league boys baseball fields are way nicer than the girls softball that is a shame!!	More fields for Bobby Sox girls softball please!!!!
F35-44	#222	Four or more visits a month	Not very satisfied	Variety.	Softball fields.
F35-44	#225	Four or more visits a month	Moderately satisfied	Location, quality and maintenance.	Bathroom upkeep and the addition of doggie bags and receptacles like that at the Portifino community area.

F35-44	#233	Less than one visit a month	Moderately satisfied	There are a large number of nice parks in Vacaville and I appreciate the fact that they are very well maintained by the city.	I would like to see more ball parks allocated for the use of the Bobby sox league, as there are a large number of players and very small number of fields (and for those fields to be released the same time as the baseball fields). For some reason, every year the bobby sox fields are always released later than the baseball fields, giving them less time for practices before the season starts. I have both a son and daughter playing in both leagues (baseball and softball), so I don't expect any special treatment given to the bobby sox league, just the same treatment. Thank you.
F35-44	#234	Four or more visits a month	Very satisfied	Diverse.	lighted tennis courts, more security at skate park.
F35-44	#235	Four or more visits a month	Moderately satisfied	No answer.	Upgrade/better aquatic facilities and complete the horsecreek complex to include a multi-purpose indoor facility, Stadium, expanded Soccer fields, picnic area, dog park, and restrooms.
F35-44	#237	Four or more visits a month	Moderately satisfied	There is always something going on.	Another community swimming pool.
F35-44	#238	Four or more visits a month	Moderately satisfied	The community coming together - for instance the Creekwalk concert series..LOVE IT!!!	MORE OF IT!!!!
F35-44	#244	Four or more visits a month	Not very satisfied	The Skate park is full of trash. The pool is in desperate need of upgrades!	Indoor pool center!
F35-44	#247	Four or more visits a month	Very satisfied	I enjoy the variety the parks have to offer. Some highlight the history of Vacaville, others highlight the environment and recreation. Most of all, the parks foster a sense of community.	I would like to see the Blue Lagoon property acquired to expand Pena Adobe Park and the Standard Pacific Property acquired to add to Lagoon Valley park.

F35-44	#256	Four or more visits a month	Moderately satisfied	That we are a lucky enough city to have so many in one place. We are a strong community with lots to do. People work together to get it done but sometimes its pulling teeth to get it accomplished.	Keating Parks. It is maintained by the prison and not adequate. The groups that use those fields have put in a lot of their own money to improve the area with little help from the city. The parking lot is atrocious and needs to be fixed desperately. Keep up on the fields needs to be improved immensely.
F35-44	#258	Four or more visits a month	Moderately satisfied	Hey, they are parks. My kids love them. They are fun! Although, the soccer field outhouses At Centennial get really gross. Real bathrooms should be a priority. (The fields are beautiful.)	Real bathrooms at soccer field centennial.
F35-44	#272	Four or more visits a month	Very satisfied	Open space and playgrounds. Need more hiking trails.	More hiking trails.
F35-44	#280	Four or more visits a month	Very satisfied	Trees, dog walking, equipment, benches, the grass is always nice.	Bathrooms?
F35-44	#284	Four or more visits a month	Very satisfied	They are well maintained!	It would be great to have bathrooms at the parks.
F35-44	#285	Four or more visits a month	Very satisfied	Cleanliness.	No more outhouses.
F35-44	#294	Four or more visits a month	Moderately satisfied	The parks are different from park to park, I like that you can visit different ones for a new experience.	More restrooms!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!
F35-44	#300	Four or more visits a month	Moderately satisfied	That they are available for all sports and ages to practice and play.	Bobby Sox girls have more places and times to practice.
F35-44	#303	Two to three visits a month	Moderately satisfied	No answer.	More places for the girls to practice softball!
F45-54	#5	Four or more visits a month	Moderately satisfied	Accessibility.	Prohibit soccer games at Stonegate Park, as they intrude on my family's ability to utilize the park. Early games are also a nuisance on weekends when we wish to sleep in.

F45-54	#47	Four or more visits a month	Not at all satisfied	Not happy about the fact that we are losing practice fields	Eleanor Nelson score keepers huts are a disgrace, you can so the giant gaping holes from the road, you never groom the Callison fields so we get proper practice on them, I watch your workers every day and not much gets done.
F45-54	#53	Four or more visits a month	Moderately satisfied	Green spaces, trees, garden areas, available parking.	Brighter path lights - changing the ordinance so that it is not against the law to use the park on winter evenings even though it is dark at 5pm.
F45-54	#55	Four or more visits a month	Moderately satisfied	I like Alamo Creek Park with its big, mature shade trees. You can be both active or passive at this park, there are benches to sit, relax and chat and there is a trail if you want to be active.	More shaded areas for just relaxing and enjoying the outdoors. The parks are always designed with big open turf areas with some (few and far between) trees on the perimeter of these areas. They are boring and cookie cutter. The parks should be inviting, they should draw you in, and there should be areas that are both active and passive. More green, plants, flowers, trees, shrubs, etc. And cover all of the ugly boxes up, utility boxes or whatever they are, hide them behind natural vegetation or put them underground, they always end up in the parks and they are an eyesore. The City needs more gymnasium space, sorely lacking.
F45-54	#56	Two to three visits a month	Moderately satisfied	They are relatively clean.	Move continuation high school away from Andrew Park.
F45-54	#57	Two to three visits a month	Very satisfied	I like the variety offered.	None.
F45-54	#60	Four or more visits a month	Moderately satisfied	I don't know.	A map specifically showing all parks and what is in each specific park, city hiking trails thru out the city and surrounding the city, all access points.
F45-54	#62	About one visit a month	Very satisfied	Since I have a seven-year-old son, I appreciate any park that caters to his need for activity by providing playground structures, along with picnic areas for the whole family.	Not sure.

F45-54	#67	About one visit a month	Moderately satisfied	It is a place that families can go to and enjoy the outdoors, favorite is the Creekwalk & the outdoor bands.	We like taking our dog hiking with us. a way to add dogs on a leash. as long as there is a way to protect the wildlife and the trees that are left.
F45-54	#74	Four or more visits a month	Moderately satisfied	I like when the parks offer a variety of activities that are offered for many different age groups. Children, adults, and seniors.	Planting a variety of plants and trees and offer a variety of equipment and activities that will help the citizens of Vacaville improve their lives in a positive way.
F45-54	#80	Four or more visits a month	Moderately satisfied	The par course, bb hoops, dirt paths for jogging and walking, and being able to take out dogs and children to play. I also like the use of native plants, and there could be more of that which could be used as teaching parks by Solano County Master Gardener's and other such groups. city could really use a Wedding park and facility for outdoor weddings, w/ reception facilities, Like a nice rose garden as at Idylwild Park in Reno, and it would bring in income for the city. there is a huge need in this town for more and larger facilities like this, and smaller facilities too. I also like Hume Grove. too bad there isn't more of those kinds of areas around which aren't right next to the noise and smog of the freeway.	I put that in the last answer. The city needs a place for weddings, incl. a fountain , rose garden or something pictorial photographically for outdoor weddings and then just enough bldg. space. for the reception w/ kitchen area, People call me all the time looking for beautiful outdoor space for weddings, which is still affordable.
F45-54	#83	About one visit a month	Moderately satisfied	I like Andrew's Park. Centrally located close to downtown and has wonderfully developed mature landscaping and wide walkways.	Decorative planters that are maintained and fountains. Community food garden space.
F45-54	#104	Two to three visits a month	Moderately satisfied	Parks are always kept nicely landscaped.	Additional soccer fields and a permanent building on the soccer park with restroom facilities.
F45-54	#113	Four or more visits a month	Very satisfied	The are clean and well maintained. They are very welcoming.	Don't know.
F45-54	#118	About one visit a month	Moderately satisfied	No answer.	No answer.

F45-54	#139	Four or more visits a month	Moderately satisfied	Our favorite is the local bike paths. We would love to see Vacaville become more like Davis in welcoming / encouraging a more bike friendly environment by expanding bike paths, and bike lanes throughout the city.	More bike paths/bike lanes throughout the city.
F45-54	#141	Four or more visits a month	Very satisfied	I enjoy the parks that have restrooms available! I like to spend an hour or so walking each day, sometimes you just need a restroom! Lagoon Valley is a wonderful open green area, it could use a little TLC though. I know it is used seven days a week.	50 meter pool in Centennial Park!
F45-54	#146	Four or more visits a month	Very satisfied	I love Walter Graham Aquatic Center. Well-maintained and always a nice staff.	None.
F45-54	#152	Four or more visits a month	Not at all satisfied	Water features and green plants, grass.	Meticulous maintenance - walking and biking trails always have overgrown/low-hanging tree branches, plants, debris, dog kaka I hate the smell and the idea, if I'm out for enjoyment, why do I have to dodge obstacles? Makes me wish I could join another community that cares about its residents' recreation priorities.
F45-54	#154	Four or more visits a month	Moderately satisfied	That our families have a free, nice, clean and safe place for outdoor activities.	Restrooms at Browns Valley and at Ridgeview.
F45-54	#163	Four or more visits a month	Very satisfied	I like the fact that they are maintained and well kept and seems to be a park in just about every neighborhood.	We need more softball fields for our girls to play on.
F45-54	#166	Two to three visits a month	Moderately satisfied	The open space at Lagoon Valley.	Improve the bathroom at Lagoon Valley! Add bathrooms at other parks, such as Andrews.
F45-54	#169	Four or more visits a month	Not very satisfied	The Rec. Dept continually keeps most sports fields very clean and organized considering how much the fields are always in use.	Add on to Centennial ball fields and allocate more land for Horsecreek. We could really use a astro turf fields like the ones in Woodland. Go out and look at both fields any Saturday during Baseball season for soccer the area is packed with people and kids. Please add parking as well.

F45-54	#190	Two to three visits a month	Not very satisfied	Bobby Sox needs more fields, why can't we use the fields at Al Patch Park?	More lighted softball fields!!!
F45-54	#194	Less than one visit a month	Moderately satisfied	There are a lot of well maintained parks with good facilities for children.	I would like to see more walking trails.
F45-54	#196	Four or more visits a month	Very satisfied	The variety of parks and amenities. The cleanliness of he parks.	More baseball, softball & soccer fields.
F45-54	#201	Four or more visits a month	Very satisfied	The parks are all well maintained. The crew is friendly (I walk daily in a park and am usually greeted politely)	I would like to feel a little safer when walking in some of the parks. Cameras would be nice but suspect that they will be quickly be disabled by the thugs who spay graffiti.
F45-54	#202	Four or more visits a month	Not at all satisfied	For the most part they are ok, but over watering in the heat of the day is wasteful.	Bobby Sox, Bobby Sox, Bobby Sox, more fields.
F45-54	#203	Four or more visits a month	Very satisfied	I love how Lagoon park lets you do almost anything. I love it you can bike, ride horses, and even canoe if you wanted. The parks are always clean and maintained which keeps out the transients because the good people will not let them hang out. We love Orchard park. Its a small park packed with everything. I think parks maintenance and improvement is dollars well spent because it gets kids out to exercise and brings families together.	Stripes for pickleball at Cent. Park under lights.
F45-54	#212	Four or more visits a month	Moderately satisfied	Overall there are a lot of parks and recreation items available.	Add more softball fields to get the Bobby Sox off the adult softball fields. Manly for the safety of the players. There is too many pitching rubbers on the field of play and when a ball hits one of the rubbers it can hurt someone.
F45-54	#214	About one visit a month	Moderately satisfied	The ball fields are nice and the grounds are well kept.	Concessions that operate more often.
F45-54	#216	Four or more visits a month	Moderately satisfied	There are some in every neighborhood, which is nice. It would be nice to have bathroom facilities for the kids, this always seems to be an issue. They are clean, but sometimes the grass gets way too long.	I believe have stated my feelings in the previous answer regarding Centennial Park... an improved soccer facility.

F45-54	#218	Two to three visits a month	Moderately satisfied	For the most part, the city keeps the lawns in good condition and the bathrooms are fairly clean. It's the people who use the parks that leave garbage on the ground and don't clean up after themselves or their dogs.	Since it gets very hot, more covered areas for people to sit under.
F45-54	#219	Four or more visits a month	Moderately satisfied	I spend a great deal of time at HorseCreek (Centennial). It needs adequate bathroom and snack facilities. I love it there, I love the other parks that we play soccer in. I love Vacaville and I want it to thrive!!	Better bathroom facilities/lighting/snack amenities at Centennial/HorseCreek Soccer Complex.
F45-54	#221	Four or more visits a month	Moderately satisfied	Love them, City does a great job. Need to maintain softball dirt base areas due to ruts and holes that are dangerous - possible ankle & leg injuries.	Ruts on ball fields.
F45-54	#232	Four or more visits a month	Moderately satisfied	We love the tennis courts near our home off of Nut Tree near Ulatis. We enjoy the walking trails from that park to the library. We love to take the dog to Lagoon Valley and let her play in the dog park, and also hike the hills or around the Lagoon.	Not sure.
F45-54	#239	Four or more visits a month	Don't know	Parking.	Lighting for Pickleball courts.
F45-54	#241	Four or more visits a month	Moderately satisfied	That they allow such a large variety of activities so that all can enjoy them.	Another swimming facility.
F45-54	#243	Four or more visits a month	Moderately satisfied	I answered this question earlier. I like musical events, festivals such as jewelry fairs, chili cook offs and farmers markets. These events downtown bring business to the local merchants.	Again Andrews park should be expanded as park land. Give the school district fair market value maybe more than if the land was zoned for park but less if the land becomes zoned for dwellings. Maybe keep a smaller building for continuation school.
F45-54	#245	Four or more visits a month	Moderately satisfied	I like that they are easily accessible and that there are a variety of services available to meet the needs of a broad section of the community.	I think that a new pool complex at Centennial Park would greatly benefit the community.

F45-54	#246	Two to three visits a month	Very satisfied	Well maintained! Welcoming!	Land and facility for an Art/Culture Building with classroom space. Places for dogs to play. Connect the bike paths.
F45-54	#255	Four or more visits a month	Moderately satisfied	I like the amount of parks for families to use and often went park hopping with my children when they were younger just to be able to play on all of the different equipment.	I would LOVE to see a 50 meter pool built at Centennial park...complete with plenty of showers, a decent size changing area, and lots of toilet stalls for the women!!! :-)
F45-54	#259	Four or more visits a month	Moderately satisfied	I like it that there several around town and that its clean.	A 50 meter pool would be a great addition!
F45-54	#271	Four or more visits a month	Moderately satisfied	Just love the community feel.	No opinion.
F45-54	#274	Four or more visits a month	Very satisfied	I love the views & the openness one can enjoy at Lagoon Valley. I enjoy the park at Buck & Alamo for the nice walking path & the variety the park has to offer.	I would love to see lighted pickleball courts come to Vacaville. It would be nice to have a facility that could host pickleball tournaments as well. Pickleball is very popular in the Senior Games & in many retirement villages. It would nice to be able to have these people visit Vacaville for a variety of tournaments.

F45-54	#288	About one visit a month	Moderately satisfied	I like the fact that the parks my family uses tend to be very safe as far as crime is concerned. I do think some of the redone playground equipment is less than fun for the children. The structure at Cannon Station Park has one spot that is not safe. There is a hole in the top of the structure (designed as an opening to allow climbing up or down an attached ladder) that is near the end of an arched walkway that children tend to run on. The guardrails for this hole are placed so that they do not provide a barrier for any child who runs over the arched walkway, so there is nothing to stop a child from running right to and falling down the hole. I don't believe anyone has actually fallen but if they do it will end badly. There is a double ladder to bounce down. I doubt that a parent of young children would have made such a design element part of the structure.	I would suggest more swings. At the Cannon Station Park, where my son and a group of his friends run a kids' weekly physical activity group called Park Day, there are only two swings and they are always being used by all ages. I am 45 and I LOVE swinging too. I see everyone from toddlers to teens (and of course, the occasional fun-loving adult) using these swings. It would be wonderful if neighborhood and community parks could have more swings. It's actually good exercise for the core.
F45-54	#289	Four or more visits a month	Moderately satisfied	Lagoon Valley Great open space!!! Hiking Trails, it is such a beautiful place for everyone!!! Dogs, HORSES AND PEOPLE have such a great time there.	I would like to see cleaner bathrooms at the pool. Also I would like to see more bike trails!!!
F45-54	#296	Four or more visits a month	Moderately satisfied	They are clean and safe.	More soccer fields at Horsecreek.

F55-64	#11	About one visit a month	Very satisfied	For Lagoon Valley that it is like a nature preserve. You can go with grandkids to feed the ducks and geese and enjoy the looking at the water, flora and fauna of the area.	I do like taking the grandkids to something visual. I have taken them to the Solano County Park at Low Water Bridge and they were interested in the displays. It would be nice if you are expanding the Centennial Park to make something like this with a walking path, nice play group equipment and with maybe a rock climbing wall. Also a little pond for kids to fish at...like they do at Low Water Bridge...to have an annual fishing derby...or have a nice park with a very nice scenery so young children can maybe take an art class to paint or take pictures of what they see. A interactive park so kids can enjoy and learn about our wonderful area. Not all kids are into baseball, track, it would be nice to think of the other kids.
F55-64	#15	About one visit a month	Very satisfied	Restrooms.	None.
F55-64	#25	Four or more visits a month	Very satisfied	Nothing.	Fix the score keepers huts at nelson park.
F55-64	#27	Four or more visits a month	Moderately satisfied	Don't care to answer.	We need updated buildings. Ours are old and outdated.
F55-64	#58	Four or more visits a month	Moderately satisfied	Walking in the parks, watching my grandchildren play sports, and attend recreation classes attending concerts in the parks, having picnics in the parks.	A new multi-room gymnasium that would feature basketball courts, volleyball courts. wrestling area, dance floor, etc.
F55-64	#63	About one visit a month	Not very satisfied	I love the green space and feeling of being out of town when your still near home.	South side park.
F55-64	#78	Four or more visits a month	Moderately satisfied	The fact that there is a variety. There are plenty of options for children and adults of all ages. And, for the most part, they seem safe. I've never had any qualms about visiting a park or sending my children to one.	More bike/walking paths -- and connect them all!
F55-64	#93	About one visit a month	Moderately satisfied	Small and medium sized parks in city seem appropriate for this city.	Enforcement of dog curbing laws. It's awful to have kids/grandkids play on the grassy areas only to roll or step in the dog poop landmines!

F55-64	#95	Four or more visits a month	Very satisfied	The neighbor parks are easily reached on foot. The other surrounding neighbor parks are easily accessed by car with adequate parking for a change of pace in playground activities.	Unsure what to add.
F55-64	#96	About one visit a month	Not very satisfied	They are convenient and the building themselves are well maintained. The parks suffer from the lack of funds; trash not picked up, dog droppings and such.	I would like to see some funding set aside for Lagoon Valley park and the Pena Adobe park. These are neglected gems for the city, but suffer from misuse and neglect.
F55-64	#101	Four or more visits a month	Very satisfied	I love the natural look of many of the parks. Alamo Creek is lovely, with the beautiful trees. But I love the variety of offerings at the parks: BBQs, playgrounds, walking areas. Some parks are very manicured, some are left to be more natural. I like that variety!	MORE GYMNASIUM SPACE! I can't say that too often, we are LACKING IN GYMNASIUM SPACE IN THIS CITY!
F55-64	#127	Four or more visits a month	Moderately satisfied	I appreciate the open space, a place to leave buildings behind and step on the ground, touch the trees and grass.	Lagoon Valley Park really needs some infrastructure improvements!! I am pleased to see that the un-safe children's playground equipment is being replaced!! The picnic tables and toilets really need help. Standing water in the bathroom is not good. I guess that is more than one improvement but Lagoon Valley really needs it. Not that I want it to become too developed. The joy of it is the back-to-nature aspect.
F55-64	#130	Less than one visit a month	Very satisfied	well maintained.	Biking areas.
F55-64	#131	Four or more visits a month	Moderately satisfied	The facilities are very well maintained and landscaped.	Much longer bicycle paths, miles longer, winding through open space in north Vacaville!!!
F55-64	#132	Four or more visits a month	Very satisfied	I use the parks during the day and early evenings and I like that it is safe to take children (I often take my niece and her friends). I've never seen evidence of gangs. I also like that the parks I go to are clean.	restrooms NOT portal potties!

F55-64	#150	About one visit a month	Moderately satisfied	Availability.	Maintenance on the smaller areas and an upgrade to Centennial to better utilize the facility. How about Centennial Pool?
F55-64	#161	Four or more visits a month	Moderately satisfied	I like the Aquatic Center, bike trails, and the parks that are located all over the town. It would be nice if there were bathrooms at some of the medium sized neighborhood parks like the one on Alamo near Buck. Sometimes we just get to the park and we have to leave to find a bathroom facility for one of the grand children. I also like the variety of sports and art activities put on by the Community Services Department.	50 meter pool at the Graham Aquatic Center so that our swim teams can be more competitive with their practices for Junior Olympics, Nationals and other competitions. Also, it would make Vacaville more desirable in the swim circuit to host events with an improved pools and grounds at the Aquatic Center.
F55-64	#172	Four or more visits a month	Very satisfied	Multi-use small neighborhood parks (walk, play structures, ball fields, dog pick up stations).	Walking, biking, hiking trails.
F55-64	#173	Two to three visits a month	Moderately satisfied	I have always enjoyed the parks around Vacaville. Lagoon Valley is a beautiful place and I loved Pena Adobe. The parks seem to be well maintained and upgraded as needed over the years. I wish that the Creekwalk had not had so many problems with vandalism, and would like more done to avoid that at all our parks. My son was married at the garden at Ulatis community center, and it was so beautiful. I've always thought Vacaville had a good variety of recreation offered from arts to sports for all ages. The Recreation part of Vacaville is what makes it such a great place to raise a family.	Expansion of trees for shade. Too many of the parks don't offer shade. Shelters over park tables and benches would be great too. I know we have them at some of the parks, but they need to be expanded everywhere. Perhaps even misters for the larger park picnic areas that could be put on some kind of metering system to cool the hot area in our outrageous hot summers, when needed only.
F55-64	#182	Two to three visits a month	Very satisfied	Walking paths, benches, shade trees, playground equipment, cleanliness.	Lighted pickle all courts.

F55-64	#213	Four or more visits a month	Not very satisfied	That you finally painted lines on north orchard tennis courts for pickleball, but we can only use in the summer and we are chalking line at the only lighted tennis courts at Oak for the winter. What is interesting is the lines for pickle ball are the same dimensions as for badminton so in the summer we have seen badminton players use the courts even though the net is low to play badminton. Isn't that nice that the courts have more use and don't sit empty and are used more. I think it is great that they have more use and it is free. I think the general plan can think out of the box and learn from this and provide more usage for more interests.	Pickleball site for pickle ball with lights for year round use. We play 3 times a week year round. Its a much smaller court and much more cost efficient to put in. and will be used heavily. Please educate yourselves on the sport the future of the sport WE HAVE ASKED TO PUT PICKLEBALL IN THE SURVEY WAY HAVE WE NOT BEEN INCLUDED IN THE SURVEY. THE LAST THING THE CITY NEEDS IS ANYMORE UNDER USED TENNIS COURT.
F55-64	#223	Four or more visits a month	Very satisfied	Walking with my dogs without a lot of people nearby.	All OK.
F55-64	#242	Four or more visits a month	Not at all satisfied	We don't have enough.	We need dog parks.

F55-64	#268	Two to three visits a month	Moderately satisfied	Enjoy the quiet when we are walking in lagoon valley. Enjoy Andrews park with the family.	A bocce ball court. We use to love playing at Nut Tree.
F55-64	#269	Four or more visits a month	Very satisfied	They are clean and have good staff.	Better lighting.
F55-64	#292	About one visit a month	Very satisfied	I feel the City parks are all very well maintained and always look so inviting.	None at this time.
F65+	#16	Two to three visits a month	Moderately satisfied	There is always a park close by and that they are maintained in an acceptable manner.	Expansion and improvement of Andrews Park now that that is a possibility with the vacated Vacaville Unified School District property. It is an absolute gem and an opportunity to expand and improve it should not be missed.

F65+	#37	Four or more visits a month	Very satisfied	Places to walk -- walking paths, bike/hike paths.	Bathrooms at Alamo Creek Park -- I consider this park to function like a Community Park, not a Neighborhood Park. Lots of Moms/Tots groups use the playground, sports teams run on the path, kiddie soccer games on the lawn, family picnics -- birthday parties, wedding parties, class reunions, etc. -- bathrooms are needed! They could be near the street for safety, maybe locked at night, but it's just not fair to the park users not to have bathrooms. Framed-in porta-potties would work fine! Check City of Davis parks -- that's what they use.
F65+	#41	Two to three visits a month	Moderately satisfied	Like the neighborhood parks.	Would like more nice picnic areas.
F65+	#94	About one visit a month	Very satisfied	Open space.	A dog park located more central to Vacaville than the Pena Abode dog park. Some grass and trees included.
F65+	#97	Two to three visits a month	Moderately satisfied	In general, I would have to comment on their landscaping. Well done! I would like to complain though, about the general lack of restrooms. If the city really wants to enhance the parks, then they need to ensure that there are clean and readily available restrooms at each and every park.	Restrooms! Each park should have restrooms which are easily accessible to the public. In addition, they should be regularly maintained and in proper working order.
F65+	#107	Two to three visits a month	Very satisfied	Great areas for ball games, family gatherings, walking, jogging, learning to ride a bike just to name a few items.	Bathroom facilities.
F65+	#110	Four or more visits a month	Very satisfied	Like the neighborhood parks like the children's equipment like the walk/exercise path.	Maybe develop use of flood control basins for playing fields.
F65+	#120	Four or more visits a month	Moderately satisfied	Variety of landscaping and picnic areas.	Gymnasium space.

F65+	#125	Less than one visit a month	Very satisfied	While I don't enter the parks that much, I appreciate the quality of life that they offer: climate control, physical exercise, family socializing. The variety and quality of Vv's parks have always been a standout for me. few other Bay Area cities do as well.	I firmly believe that all site acquisitions in new developments should be at the developers expense. When I was a councilmember in another bay area city, I wrote the park dedication ordinance.
F65+	#142	Two to three visits a month	Very satisfied	Mai and cleanliness.	Outdoor theatre for day and night events.
F65+	#157	Two to three visits a month	Very satisfied	How clean they and well kept. I do think we need more swimming areas.	A swimming pool and maybe a building for the youth to meet.
F65+	#176	Four or more visits a month	Moderately satisfied	The pickleball court markings at Orchard.	Lighted pickleball courts anywhere in the city.
F65+	#204	Four or more visits a month	Very satisfied	I like the way most of the parks are kept up and usable. Our neighborhood park is always beautiful.	I would love to have lighted pickleball courts so that we can play into the evening. Also bathrooms at Horse Creek would be great.
F65+	#228	No visits in last six months	Moderately satisfied	Nothing to say.	Nothing.
F65+	#278	Four or more visits a month	Very satisfied	The ones I visit are clean, open, well-manicured, plus the playground area are well-maintained & checked for safety periodically.	Padan Park could use a restroom. Some people & kids use the bushes around the Pre-school or the bushes & trees at the perimeter of the park next to some houses. Also some larger signs re dog droppings.
F65+	#290	Four or more visits a month	Very satisfied	Well maintained, easy to use and there is something for all ages.	There needs to be dog parks where animal lovers can take their pet and let them run loose instead of having the animals on leases in order to be taken to the park for exercise.

F45-54	#296	Four or more visits a month	Yes	\$100,000 or more	I like what it offers now, maybe country dancing, all ages.
F55-64	#11	About one visit a month	No	\$50,000 to under \$75,000	It is most unfortunate the city took out the ball park at the Nut Tree. I saw this as a loss to different activities that could have been offered there besides the baseball games. There could have been concerts, science fairs, swap meets. It is too bad Vacaville couldn't support this. This would have been a better area to have the Home Improvement venue at. The whole re-do of the Nut Tree area is such a disappointment. I thought it would be high end specialty shops (like the Vintage) inside what you have is the shops from across the highway just moved over here. Maybe all this was a product of the economy. It is sad though. The Nut Tree was so unique and as a young kid I enjoyed going to ride the train, have my picture taken with friends, have an ice cream and just walk around the grounds. It is too bad we now have a shopping area that looks like any other shopping area, nothing for memories.
F55-64	#15	About one visit a month	No	\$50,000 to under \$75,000	Medieval festival, overnight camping areas.

F55-64	#96	About one visit a month	No	\$100,000 or more	It seems like they are covered adequately with current programming.
F55-64	#101	Four or more visits a month	No	\$100,000 or more	I think the City offers a huge variety right now. I love the fact that we have these offered, but I think the general public is not aware of them. So the offerings are great, the public awareness is not! If I thought of one thing we really miss for my age group in particular, it would be Bocce Ball Courts!!!!
F55-64	#127	Four or more visits a month	No	\$100,000 or more	Unsure what else is needed.

**Responses to Q19: "And why do you say that you would likely <favor / be neutral to / oppose> extending this tax measure?"
[Registered voters in the online sample]**

GENDER & AGE?	ID#	Q2. FREQUENCY OF VISITING VACAVILLE PARKS?	CHILDREN 17 OR YOUNGER?	POSITION ON EXTENDING MEASURE I?	Q19. REASONS FOR YOUR POSITION ON EXTENDING MEASURE I?
M18-24	#49	Two to three visits a month	No	Neutral	I'd say I would be neutral to the idea because we as citizens pay enough money on taxes and in this type of economy we can't afford more right now with so many home foreclosures and many people losing there jobs.
M18-24	#230	Four or more visits a month	Yes	Favor	So our recreational programs and locations can continue to thrive and grow with more options available in coming years.
M25-34	#2	Two to three visits a month	Yes	Favor	Good community programs and roadways help our city be attractive.
M25-34	#36	Less than one visit a month	No	Oppose	The cost to live here is high enough and are taxes are also too high. The government (including city) needs to practice greater accountability with the funds it already has and put the money towards greater necessities like police, fire, schools. Pet projects need to be extinguished.
M25-34	#59	Four or more visits a month	Yes	Favor	I think the continued growth of events are a big part of Vacaville's community feel.
M25-34	#87	Two to three visits a month	No	Favor	It's for the best.
M25-34	#98	Two to three visits a month	Yes	Favor	These programs a vital to what makes Vacaville a good place to live.
M25-34	#227	Four or more visits a month	No	Favor	Community programs are a great asset to our community, it provides a safe environment and activities to entertain our youth and young adults.
M25-34	#275	Less than one visit a month	Yes	Oppose	I oppose the way funds have apparently been allocated since 1988. Don't raise this taxes in this city because your liberal, big-spending policies haven't worked. Two years state taxes went up 1% in Solano County, and Gov. Jerry Brown is set to do that once again. Furthermore, as a proud American and a citizen of Vacaville, I do not support taxing this city anymore than it already has to be taxed. Lastly, why don't you get back to me in why the City of Vacaville shouldn't oppose this view? Get your fiscal house in order Vacaville, CA.
M25-34	#276	Four or more visits a month	Yes	Favor	Because it costs to have these nice amenities in our community and someone has to pay for it. As long as our City officials are managing what comes in properly there should be no issue with extending a tax that benefits not only our City, Residents and Home Values, why wouldn't we pay?
M25-34	#283	Four or more visits a month	No	Favor	To continue the great maintenance this town keeps.
M35-44	#12	Four or more visits a month	Yes	Favor	I use most of the facilities daily that were listed. Things don't come for free and if there's no money available with no means to fund it or funds are used for other important city services, then the only other way to get funding or keep nice things that we have is to raise taxes or pass some kind of tax measure. I support the effort!
M35-44	#44	About one visit a month	No	Favor	I don't want to see the parks closed. I would like to see the roads maintained better.
M35-44	#66	Four or more visits a month	No	Favor	Need funds to acquire open space land. Street maintenance is deteriorating. Need funds to maintain open space and parks.
M35-44	#73	Less than one visit a month	Refused	Oppose	I did not see Keating Park? And that is were pony baseball plays!
M35-44	#76	Less than one visit a month	Yes	Favor	Keep funding source in place for maintaining parks.
M35-44	#81	Four or more visits a month	Yes	Favor	I'm hoping that the parks will better serve our community and make it the treasure it is (without the vandals, of course)

GENDER & AGE?	ID#	Q2. FREQUENCY OF VISITING VACAVILLE PARKS?	CHILDREN 17 OR YOUNGER?	POSITION ON EXTENDING MEASURE I?	Q19. REASONS FOR YOUR POSITION ON EXTENDING MEASURE I?
M35-44	#99	Four or more visits a month	Yes	Favor	I think we need some new and improved fields.
M35-44	#108	Four or more visits a month	Yes	Favor	Continue our programs. We have a good community.
M35-44	#109	Four or more visits a month	Yes	Favor	Any way to make money for our children's future and sports is fine by me.
M35-44	#153	Four or more visits a month	Yes	Favor	Because it would effect the use and quality of said parks.
M35-44	#177	Four or more visits a month	Yes	Favor	As a tax payer, community member and parent of children in Vacaville I am in support of these important areas of our community. I support the measure to continue funding these items and additional ones.
M35-44	#179	Two to three visits a month	Yes	Oppose	Developers should pay for new facilities and parks with residents of those areas paying. Some current maintenance seems excessive.
M35-44	#187	Two to three visits a month	Yes	Favor	Anything to help allocate more fields towards Bobby Sox.
M35-44	#195	Four or more visits a month	Yes	Favor	Youth sports is vital to our healthy community.
M35-44	#198	Four or more visits a month	Yes	Favor	The City of Vacaville's parks and recreation areas are in need of improvement, upkeep, and new construction. If this tax is the revenue the city needs to help facilitate improvements in this area then by all means, lets pass this measure.
M35-44	#200	Four or more visits a month	Yes	Favor	Only if they commit to pour into the Centennial Park for additional Soccer fields and public bathrooms.
M35-44	#205	Four or more visits a month	Yes	Neutral	No answer.
M35-44	#207	Four or more visits a month	Yes	Favor	If Vacaville city residents are to take advantage of added facilities, it necessarily follows that residents would pay for them. I am opposed, however, to a general fund from which monies which are purportedly for these facilities can be removed and used elsewhere. There must be a dedicated account, specific to these facilities...don't use it as a slush fund, emergency reserve, or likewise.
M35-44	#208	Four or more visits a month	Yes	Favor	I would like to see Vacaville move forward with improvements for the community
M35-44	#252	Four or more visits a month	Yes	Favor	If we invest back into the community then we should get more out of it.
M35-44	#262	Four or more visits a month	Yes	Favor	It's money kept locally.
M35-44	#273	Four or more visits a month	Yes	Favor	Because I believe the city of Vacaville has done a great job thus far and would like to continue seeing it improve parks and recreation. as an activist for lagoon valley park I hold hope that we will come to terms about this on going bovine infestation in the park. which once accomplished will need funds to repair and maintain the trail system.
M35-44	#279	About one visit a month	No	Favor	Would like to see the maintenance of those facilities continue to be funded.
M35-44	#286	Four or more visits a month	Yes	Favor	Continued maintenance of current facilities.
M35-44	#293	Four or more visits a month	No	Favor	As long as the tax dollars are supporting the addition of recreation facilities or provide for the ongoing delivery of recreation programs, I am in favor. However, the tax measure will need to demonstrate that it will support programs and facilities that will be utilized by a wide spectrum of the population rather than a very specific interest group.

GENDER & AGE?	ID#	Q2. FREQUENCY OF VISITING VACAVILLE PARKS?	CHILDREN 17 OR YOUNGER?	POSITION ON EXTENDING MEASURE I?	Q19. REASONS FOR YOUR POSITION ON EXTENDING MEASURE I?
M35-44	#299	Four or more visits a month	Yes	Favor	I am willing to pay additional taxes to support clean, well maintained parks. And I want the roads to be in good shape. This demonstrates a safe, well taken care of community. By paying a special tax for these items, the general fund money can go traditional public safety so we have competent police officers on the street.
M35-44	#301	Four or more visits a month	Yes	Favor	I think it is important to maintain and even expand the Recreational facilities in Vacaville.
M35-44	#302	Four or more visits a month	Yes	Favor	I'm in favor of it to maintain our roads and expand ball fields. I'm not in favor of it for cultural uses.
M35-44	#305	Four or more visits a month	Yes	Favor	The baseball fields need to be maintained.
M45-54	#4	Two to three visits a month	No	Favor	Sites should be maintained.
M45-54	#23	Four or more visits a month	No	Favor	Because I believe these services are important to the culture of our community. I also strongly believe that the maintenance of the streets to be important.
M45-54	#38	Two to three visits a month	Yes	Favor	I think public services are best provided by local governments. I prefer that my taxes go to local needs rather than the federal of State abyss.
M45-54	#51	Four or more visits a month	Yes	Favor	These are important assets to the quality of life that I expect and enjoy by living in Vacaville.
M45-54	#92	Four or more visits a month	Yes	Favor	To protect the quality of life that defines Vacaville, we must support the facilities and activities that create the ambiance. Caveat - Funding needs to be used for facilities and maintenance not bloated administration. Support the volunteers and volunteer organizations that do most of the work for the city - football, baseball, soccer and softball leagues.
M45-54	#100	Four or more visits a month	Yes	Favor	These are what makes Vacaville....Vacaville. A community...not an Area....the bay area.
M45-54	#112	Four or more visits a month	Yes	Favor	Keeps crime down.
M45-54	#115	Two to three visits a month	Yes	Favor	An increase in the sales tax to help pay for local services and facilities is a good use of taxes as they are not watered down and we get more bang for the buck.
M45-54	#119	Four or more visits a month	Yes	Favor	Our family favors the arts and sports specially for our youth.
M45-54	#121	Less than one visit a month	No	Favor	I believe that they are worth the costs to keep Vacaville a close knit community.
M45-54	#129	Four or more visits a month	Yes	Favor	Don't mind helping fund city projects.
M45-54	#147	Four or more visits a month	Yes	Favor	Provides youth with activities.
M45-54	#149	Four or more visits a month	No	Favor	Vacaville is a special place when you look at other cities around it. I feel that a good part of it is due to the parks system.
M45-54	#164	Two to three visits a month	Yes	Neutral	I do not currently know enough regarding this matter.
M45-54	#168	Four or more visits a month	No	Favor	Continued financial support.
M45-54	#170	Four or more visits a month	Yes	Favor	The city needs the funds.
M45-54	#174	Four or more visits a month	Yes	Favor	It is important for tax payers to feel as if they are getting something for there willingness to pay taxes. Public facilities allow them to use quality facilities near their home.

GENDER & AGE?	ID#	Q2. FREQUENCY OF VISITING VACAVILLE PARKS?	CHILDREN 17 OR YOUNGER?	POSITION ON EXTENDING MEASURE I?	Q19. REASONS FOR YOUR POSITION ON EXTENDING MEASURE I?
M45-54	#185	Four or more visits a month	Yes	Favor	Increasing the amenities at centennial park. More multi use open facilities for general public use as well as youth leagues.
M45-54	#191	Two to three visits a month	Yes	Favor	Because I believe there needs to be additional improvements to the current fields in order to accommodate the increased participation of our YOUTH leagues. I would be in favor of the measure so long as it benefitted the YOUTH programs. Enough preference is already given to the Adult leagues.
M45-54	#192	Four or more visits a month	Yes	Favor	Because the funds would continue to support like activities.
M45-54	#209	Two to three visits a month	Yes	Favor	Money well spent.
M45-54	#211	About one visit a month	Yes	Favor	Frankly, I am very disappointed in the city for what you charge for the use of the facilities. You charge the school way too much to use the Ulatis Community center for their events. You need to work with the school district and other non-profits (like the soccer league) better. I hesitate to approve any additional funding when it appears you are trying to make money from local non profits for the use of the facilities we have already been taxed to build.
M45-54	#236	Four or more visits a month	Yes	Oppose	Tax will be incorrectly applied like the school measure. Also the heavy users (leagues) of the neighborhood parks are not paying for maintenance.
M45-54	#253	Four or more visits a month	Yes	Favor	Parks and recreation add to the quality of life in our city.
M45-54	#260	About one visit a month	Yes	Oppose	Vacaville doesn't need the money. Replace the expiring tax revenue out of city employee salaries and benefits, or better yet school principal salaries and benefits.
M45-54	#265	Four or more visits a month	No	Favor	I believe these are amenities that make a community a better place to live even if I don't use them all myself. I would like to see a park district over the current methodology of location based assessments.
M45-54	#267	Two to three visits a month	Yes	Favor	It offers opportunities and activities for the citizens of Vacaville.
M45-54	#298	Four or more visits a month	Yes	Neutral	Would like to see money go to improving and maintaining parks. This is not listed as one of the choices?
M55-64	#68	Two to three visits a month	No	Favor	Measure I also - which is not mentioned in the question - provides money for street repair and maintenance. Should Measure I not be renewed, that money would have to come out of the General Fund, OR we would have to decrease our street repairs. Letting our streets deteriorate would be a horrible waste of our valuable infrastructure, and would be a safety hazard. I am willing to support Measure I if the money is used for parks, but a certain portion of it needs to be dedicated to streets as well. It might also help selling it, if a portion of the money went to Public Safety. Consider also using the money stream directly, instead of selling bonds. You might win over the Taxpayers Association, by pointing out that the money is not being wasted on interest.
M55-64	#70	Four or more visits a month	No	Favor	How else would existing facilities be funded?
M55-64	#71	No visits in last six months	No	Oppose	As I indicated before city workers are lazy and mismanaged. someone needs to get these guys in line
M55-64	#75	Less than one visit a month	No	Favor	We need to keep the parks and arts alive!

M55-64	#79	Less than one visit a month	No	Favor	If the theater is enhanced or a new one built.
M55-64	#82	Less than one visit a month	No	Oppose	I don't mind paying for what we have but I don't want that tax to pay for future buildings and service that might not be necessary.
M55-64	#86	Four or more visits a month	No	Favor	I want to see more improvements.
M55-64	#90	Four or more visits a month	No	Favor	With the economic outlook bleak at best this city will need the tax dollars allocated for the care and improvement of our facilities.
M55-64	#91	Four or more visits a month	No	Favor	Local tax, locally spent, befitting local residents.
M55-64	#102	Two to three visits a month	No	Oppose	Not necessary for any more major improvements such as the cultural center. Neighborhood park fees/tax assessments should be kept in a separate account to maintain the park that the assessment applies to. It should NOT be put in a general city-wide park fund!
M55-64	#111	Four or more visits a month	No	Favor	They are worthwhile projects.
M55-64	#117	Four or more visits a month	No	Favor	To continue to improve quality of life and to help young people.
M55-64	#122	About one visit a month	No	Oppose	Taxes are not used correctly.
M55-64	#134	Four or more visits a month	No	Favor	1. Local taxes benefit local citizens 2.Improved road maintenance.
M55-64	#135	Two to three visits a month	No	Favor	It's a good thing to improve, and update our facilities.
M55-64	#167	Four or more visits a month	No	Favor	We need these quality of life opportunities.
M55-64	#181	Four or more visits a month	No	Favor	I would gladly support paying more in taxes especially if I can see improvements to the recreational facilities that I use most often!
M55-64	#263	Four or more visits a month	Yes	Favor	The more recreational opportunities we have for our youth and families the fewer the problems. If people are busy and having fun they are less likely to get into trouble. Its like paying for insurance.
M55-64	#264	Four or more visits a month	Yes	Oppose	Now is not the time to add or extend taxes. prioritize current funding.
M55-64	#281	Four or more visits a month	No	Favor	Only if the City develops a 4 court lighted pickleball only complex.
M55-64	#291	Two to three visits a month	No	Favor	As long as it is very specifically laid out what the money will go for in the way of facilities and programs. As long as there is legally viable language that will keep the city from siphoning off the funding for other purposes. That is one of the things that put some of the nails in redevelopment's coffin - the city started treating it like a cookie jar that anyone in the city could reach into as long as they came up with a good excuse.
M55-64	#304	Four or more visits a month	No	Favor	only if the funds are spent to improve the maintenance.
M65+	#3	Four or more visits a month	No	Favor	No comment.
M65+	#10	Four or more visits a month	No	Favor	This city does more than most and must keep up the good work in order to maintain.
M65+	#14	Four or more visits a month	No	Oppose	We are taxed enough.
M65+	#28	Four or more visits a month	No	Favor	If we want quality parks we should be expected to pay for them and their maintenance.

GENDER & AGE?	ID#	Q2. FREQUENCY OF VISITING VACAVILLE PARKS?	CHILDREN 17 OR YOUNGER?	POSITION ON EXTENDING MEASURE I?	Q19. REASONS FOR YOUR POSITION ON EXTENDING MEASURE I?
M65+	#64	Four or more visits a month	No	Neutral	I would want to know exactly what the funding would support. I am a bit skeptical of the way government and schools spend the money they already receive. If I was convinced that the expenditures were valid and needed I would support extending the tax.
M65+	#72	Two to three visits a month	No	Favor	It's the right thing to do.
M65+	#84	Four or more visits a month	Refused	Favor	All the measures help to improve the city.
M65+	#89	Two to three visits a month	No	Favor	Good parks = Good quality of life.
M65+	#128	No visits in last six months	No	Neutral	The economy is not suitable at this time to be taxed on these items.
M65+	#136	Four or more visits a month	No	Favor	Keep the parks in good shape.
M65+	#250	Four or more visits a month	No	Neutral	First, I would need to be convinced of the need for new facilities and program ... to be assured of their full utilization. also of the need of increased maintenance of that infrastructure.
M65+	#261	Four or more visits a month	No	Neutral	No comment.
M65+	#282	Two to three visits a month	No	Oppose	Times are too hard now.
M65+	#287	Two to three visits a month	No	Favor	Parks are used by many different people and so many different types of recreation are used and funding should be by everyone in the city limits.
M65+	#295	Four or more visits a month	No	Favor	We like and use these programs and want them maintained.
M65+	#297	Four or more visits a month	No	Favor	I value intelligently planned low manpower/cost services not bloated services.
M65+	#306	Less than one visit a month	No	Neutral	Question where the funds would be used.
F18-24	#46	About one visit a month	No	Favor	Because I like to see our parks and such taken care of and wouldn't mind paying something that I already have been paying to keep it that way.
F18-24	#249	Four or more visits a month	No	Neutral	No comment.
F25-34	#1	About one visit a month	Yes	Favor	Because we are already funding it... so there is no harm is continuing that funding.
F25-34	#6	Four or more visits a month	Yes	Favor	If this is already enacted, it would make no difference if it was extended. If this tax is already being paid, it wouldn't impact the community negatively to keep it going.
F25-34	#9	Four or more visits a month	No	Favor	I have lived in Vacaville my whole life and love it here. I enjoy feeling like I'm a part of the community here and don't mind paying to upkeep the image of this town I hold so dear.
F25-34	#18	Two to three visits a month	Yes	Oppose	I will not vote for any tax increases. We are taxed enough. The amount of taxes we pay and we get back appear to us to be diminishing returns. Where is the money presently going, we must conclude that it is paying people and not in fact funding services.
F25-34	#19	Two to three visits a month	Yes	Oppose	In this economy, most people are struggling to make ends meet. We cannot afford any increases.
F25-34	#22	Four or more visits a month	Yes	Favor	The facilities must be funded in some form and it's an existing tax so I would be willing to keep paying it.
F25-34	#26	Four or more visits a month	Yes	Favor	So we can become a city where all the children and adults in Vacaville have recreational opportunities.

GENDER & AGE?	ID#	Q2. FREQUENCY OF VISITING VACAVILLE PARKS?	CHILDREN 17 OR YOUNGER?	POSITION ON EXTENDING MEASURE I?	Q19. REASONS FOR YOUR POSITION ON EXTENDING MEASURE I?
F25-34	#32	About one visit a month	Yes	Favor	I feel that these are very important for our community. The strong community is one of the reasons I still reside in Vacaville.
F25-34	#35	Less than one visit a month	No	Favor	I use these services that were paid for with the tax.
F25-34	#45	About one visit a month	Yes	Favor	Ok.
F25-34	#50	Four or more visits a month	No	Favor	If it is something that will improve the community and I would use it I would not mind helping to find it. Vacaville is a old people town. We need more fun things for adults, families and children to do. I can't drive a couple of blocks without a retirement home, retirement community 55 or over, and senior centers. The kids get in trouble here because there is not much to do. Even 20 year olds can only think of downtown for drinking. Vacaville needs more places that people will look forward to going and have fun.
F25-34	#52	Four or more visits a month	Yes	Favor	The community services department provides crucial programs and facilities for improving the quality of life for Vacaville residents.
F25-34	#103	Four or more visits a month	Yes	Neutral	I would need to gather more information about the amount of taxation and its uses before forming a strong opinion either way.
F25-34	#124	Two to three visits a month	No	Favor	I would favor it ONLY if that would mean that more services would be offered, not just to continue only what we already have.
F25-34	#140	Four or more visits a month	No	Favor	As long as it will allow the growth of the Centennial Park.
F25-34	#183	Four or more visits a month	Yes	Favor	The best thing about Vacaville is it's outdoor parks and it's Park and Rec programs. I love it, my kids love them! Where we live, we are within walking distance of 5 city parks! I think that's awesome and would support a tax that continues the city's dedication to it's Park and Rec programs and facilities.
F25-34	#215	About one visit a month	Yes	Favor	Because I want more bobby six fields for my girls and their friends to play at. Bobby sox has been growling quickly the past few years, we need to meet the demands. We are already paying for the tax, might as well continue it.
F25-34	#240	Four or more visits a month	Yes	Favor	If it put more facilities for girls.
F25-34	#248	Four or more visits a month	Yes	Favor	I would like a new 50 meter pool at Centennial Park.
F35-44	#8	Four or more visits a month	Yes	Favor	All the programs that are currently offered and could potentially be offered are what make Vacaville a great place to live and is an attraction for those deciding where to live.
F35-44	#21	Two to three visits a month	No	Favor	Because I think these projects benefited the city. I'm not in favor of wasteful spending though...so use our tax monies wisely.
F35-44	#31	Two to three visits a month	Yes	Favor	I feel like this is an important service to our country and that residents are already accustomed to paying this tax.
F35-44	#34	Four or more visits a month	Yes	Favor	Want to see growth continue in Vacaville.
F35-44	#39	Two to three visits a month	Yes	Oppose	More money should be going toward the schools not existing projects.
F35-44	#40	About one visit a month	Yes	Favor	To keep our parks the way they are and improve them.
F35-44	#43	Four or more visits a month	Yes	Favor	To keep our streets safe to drive on.

F35-44	#54	Two to three visits a month	No	Neutral	Why should I pay for parks that I can't use?
F35-44	#65	Two to three visits a month	Yes	Favor	I would hate to see city recreation facilities close without the funding.
F35-44	#85	Four or more visits a month	Yes	Favor	No answer.
F35-44	#106	Four or more visits a month	Yes	Favor	Because we need to continue to maintain these facilities.
F35-44	#114	Four or more visits a month	Yes	Favor	We need to keep up our city and continue to improve our sports fields and centers.
F35-44	#126	Two to three visits a month	Yes	Favor	We are already paying the additional tax and it is going to good causes.
F35-44	#133	Four or more visits a month	Yes	Neutral	Need more information about what they now want to do with the money. I am OPPOSED to any more building in VV - other than a pool which I see as necessary. We need more open spaces - that can be recreation in itself!
F35-44	#137	Four or more visits a month	Yes	Favor	If it meant a new aquatic facility I would favor it.
F35-44	#138	Four or more visits a month	Yes	Favor	We MUST invest in our youth and we must remember the elderly. It is our responsibility as citizens. If we don't invest in our young people, we all lose. I think that Vacaville does have a lot going on in our community for our young people, and yet we still have so many that fall through the cracks. We must operate from the belief that every child in our community can succeed no matter what their street address is or what their parents are like. We have to stop with all the excuses of why they don't succeed and truly believe that they can be successful contributors to our society.
F35-44	#143	Four or more visits a month	Yes	Favor	We need funds to continue having quality facilities and quality programs.
F35-44	#144	Four or more visits a month	Yes	Favor	Because I'm happy with the results of the last tax bill.
F35-44	#145	Four or more visits a month	Yes	Neutral	I think we need more park space instead.
F35-44	#156	Two to three visits a month	Yes	Neutral	No answer.
F35-44	#159	Two to three visits a month	Yes	Favor	Because I think without these funds that the parks and everything the funds help out would go down hill.
F35-44	#175	About one visit a month	Yes	Favor	The kids need these.
F35-44	#184	Four or more visits a month	Refused	Favor	Putting.
F35-44	#186	Four or more visits a month	Yes	Favor	We need to continue and improve the maintenance of our streets.
F35-44	#197	Four or more visits a month	Yes	Favor	I want to have as many opportunities as possible for our community.
F35-44	#199	About one visit a month	Yes	Favor	Because I want to see more baseball and softball fields built.
F35-44	#206	Four or more visits a month	Yes	Favor	Our community recreation development needs not only to be maintained, but with the growing number of people in our city, it needs to be expanded. I am willing, as a taxpayer, to contribute to the betterment of our community development by continuing the tax.
F35-44	#210	Four or more visits a month	Yes	Favor	Sports are very important to our family. we need to keep the children active, healthy life style and off the streets!
F35-44	#217	Two to three visits a month	Yes	Favor	All of this is important to Vacaville and I'm willing to help pay for it, AS LONG AS WE GET BOBBY SOX FIELDS!!
F35-44	#222	Four or more visits a month	Yes	Oppose	Time to build new parks and fields to keep up.
F35-44	#225	Four or more visits a month	Yes	Favor	Community services is very important and the programs.

GENDER & AGE?	ID#	Q2. FREQUENCY OF VISITING VACAVILLE PARKS?	CHILDREN 17 OR YOUNGER?	POSITION ON EXTENDING MEASURE I?	Q19. REASONS FOR YOUR POSITION ON EXTENDING MEASURE I?
F35-44	#226	About one visit a month	Yes	Favor	Adding more facilities for youth sports. There's a lot of kids the play some sort of sport and there doesn't seem to be enough facilities to host all of the teams. Vacaville is a GROWING community and nothing new has been added to accommodate it.
F35-44	#229	Two to three visits a month	Yes	Neutral	I am fine one way or the other.
F35-44	#231	About one visit a month	Yes	Favor	The kids need a place to play I support that. Let's keep them healthy and active and out of trouble.
F35-44	#233	Less than one visit a month	Yes	Favor	Because the facilities need to be properly maintained and (if needed) upgraded.
F35-44	#234	Four or more visits a month	Yes	Favor	We are paying a tax for something that we are using.
F35-44	#235	Four or more visits a month	Yes	Favor	I'm all for supporting good programs for our residents.
F35-44	#237	Four or more visits a month	Yes	Favor	Community programs help keep people in the community involved and to participate.
F35-44	#247	Four or more visits a month	Yes	Favor	Because I support endeavors that are for the good and well being of the community.
F35-44	#256	Four or more visits a month	Yes	Neutral	I don't use the majority of those listed.
F35-44	#258	Four or more visits a month	Yes	Neutral	I'm not saying I wouldn't vote for it. I would if the city was going to layout their plan and be specific with what they want to spend the money on. I would prefer to somehow expand the program for underprivileged youth, build more fields, make more bike trails.
F35-44	#272	Four or more visits a month	Yes	Neutral	I don't know the specifics.
F35-44	#280	Four or more visits a month	Yes	Oppose	Because we have run out of money!!!! Shut down the senior center and fill the pot holes in the city. Our priorities need to be with the basics. The baseball fields are for the have's and not the have not's. I would love to go play on a baseball field with my four kids, but can I find one that is unlocked? Is it even allowed? Or are they all reserved for Little league? Let the parents who do little league pay for the fields. I have done little league and VYSL soccer, it seems they are collecting a lot of money where does it go?
F35-44	#284	Four or more visits a month	Yes	Favor	If you want something, you have to pay for it.
F35-44	#285	Four or more visits a month	Yes	Favor	Anything to keep the kids involved in sports.
F35-44	#294	Four or more visits a month	Yes	Favor	I don't want to see Vacaville parks to fall into disrepair. Just as long as there isn't an additional tax I am fine.
F45-54	#5	Four or more visits a month	No	Oppose	Those of us who use the facilities should pay fees. The city should apply for grant funding to provide scholarships to cover fees on a sliding fee scale for those unable to afford the fees.
F45-54	#24	Four or more visits a month	No	Favor	I support all community activities that give our senior, youth and all community members, more choices for recreational activities.
F45-54	#42	About one visit a month	No	Favor	Money well spent! keeps the parks nice and the kids off the street. Gives jobs to people and helps with the property values.
F45-54	#47	Four or more visits a month	Yes	Favor	This town has a habit of waiting money (downtown square ring any bells) I would say yes if you couldn't take the money for other pet projects one of you might have at the time. It should be used for our families and their activities.

F45-54	#55	Four or more visits a month	Yes	Neutral	Not sure of the impact if the Measure is not continued, need more information.
F45-54	#56	Two to three visits a month	No	Oppose	Because of the tax.
F45-54	#57	Two to three visits a month	Yes	Favor	The quality of life in Vacaville draws residents and businesses. our parks, programs like creek walk and especially the activities at the theater makes Vacaville a unique and enriching place to live.
F45-54	#60	Four or more visits a month	No	Neutral	Need more specifics, how much \$ to each item, add maintenance of in city trails (better).
F45-54	#67	About one visit a month	No	Favor	With budget constraints from the state of CA, each city needs a way to avoid parks, recreation centers that already exist, need to avoid no up keep on those areas for community and welfare safety.
F45-54	#74	Four or more visits a month	Yes	Favor	I would like to see this continue because I think it's important for our city to keep our standards higher than the surrounding cities.
F45-54	#80	Four or more visits a month	No	Favor	A lot of people complained about Measure I back then, but it built a really nice facility which was needed in this town.
F45-54	#104	Two to three visits a month	Yes	Favor	I think these facilities are paramount to our cities survival and well being.
F45-54	#113	Four or more visits a month	Yes	Favor	Because I'm already paying it and won't miss it. Although my family could use extra money right now because my husband lost his job of 21 years...I also have a 14 year old growing up here and I want the environment to remain positive for him.
F45-54	#139	Four or more visits a month	No	Neutral	Would review first before making a decision.
F45-54	#141	Four or more visits a month	Yes	Favor	I think it is important that facilities are kept in good condition. Expansion where necessary is also needed. I would continue to want these items and am willing to pay for them through my taxes.
F45-54	#146	Four or more visits a month	Yes	Oppose	Don't wish to pay any more fees.
F45-54	#152	Four or more visits a month	Yes	Oppose	The tax was initiated almost 25 years ago. Enough already with the taxes.
F45-54	#154	Four or more visits a month	Yes	Favor	We need to keep our city available for this.
F45-54	#163	Four or more visits a month	Yes	Favor	I enjoy those facilities now and would have no problem voting to have the tax continue as it appears that the money is being spent wisely on the facilities and the upkeep.
F45-54	#166	Two to three visits a month	No	Favor	I would like to make sure our parks are well kept.
F45-54	#169	Four or more visits a month	Yes	Favor	I would be willing to pay more for MORE Multi-use Sports fields!!! Try mello-roos on new housing developments or require the builders to build more green parks for kids. Last three developments in Browns Valleys all large houses but, not ONE additional park or multi-use sports fields. REALLY....Big houses usually have a lot of kids??? WAKE UP!!!!
F45-54	#194	Less than one visit a month	Yes	Favor	The funds have benefited the community greatly.
F45-54	#196	Four or more visits a month	Yes	Favor	Because we are already paying the tax, we should keep paying (what we are not missing) to support superior activities.
F45-54	#202	Four or more visits a month	Yes	Favor	Only if money went directly to said projects and couldn't be diverted.

GENDER & AGE?	ID#	Q2. FREQUENCY OF VISITING VACAVILLE PARKS?	CHILDREN 17 OR YOUNGER?	POSITION ON EXTENDING MEASURE I?	Q19. REASONS FOR YOUR POSITION ON EXTENDING MEASURE I?
F45-54	#203	Four or more visits a month	Yes	Oppose	Because the purpose of the money has changed. I would like to see all the parks get equal money. I would like to see Lagoon Valley be free. I pay a lot of money in taxes and hate being nickled and dimed at my parks. I hate one or two special projects getting all the money.
F45-54	#212	Four or more visits a month	Yes	Favor	We need sports and the streets need to stay in good shape.
F45-54	#214	About one visit a month	Yes	Favor	As long as it is not a tax increase, I believe we can afford it and it will be used to provide benefits we can see and use (unlike taxes we pay to the federal government and never see a return on!).
F45-54	#216	Four or more visits a month	Yes	Favor	For the reasons previously stated in this survey
F45-54	#218	Two to three visits a month	Yes	Favor	The city needs the money to improve or maintain our facilities, but the money needs to be used for that purpose only. The residents of Vacaville want to see where their tax dollars are being spent, they want nicer parks and facilities.
F45-54	#219	Four or more visits a month	Yes	Favor	I support the complexes. I think they are important as is keeping up the streets.
F45-54	#221	Four or more visits a month	Yes	Favor	Already paying.
F45-54	#232	Four or more visits a month	Yes	Favor	Because all those things are great for our community and I'd hate to see them go away.
F45-54	#239	Four or more visits a month	No	Favor	Love the services and would like to see them continue. Makes Vacaville a more favorable place to live.
F45-54	#241	Four or more visits a month	Yes	Favor	This expenditure truly benefits the local community.
F45-54	#243	Four or more visits a month	No	Favor	Because we already pay this tax and Vacaville is a City I love living in. I grew up in Fairfield and it has changed. I am a new home owner and the level of service from City employees has been outstanding.
F45-54	#245	Four or more visits a month	Yes	Favor	I think that the tax is already in place and would not impact my budget adversely. I think that it important to maintain facilities that benefit the community and that as a community we should contribute to their upkeep.
F45-54	#246	Two to three visits a month	No	Neutral	How much will it cost?
F45-54	#259	Four or more visits a month	Yes	Favor	I'm in favor if the tax is use to build a much needed 50 meter pool.
F45-54	#271	Four or more visits a month	No	Favor	I think it is important.
F45-54	#274	Four or more visits a month	No	Favor	I think that the theater & the recreational facilities are important for our City to have.
F45-54	#288	About one visit a month	Yes	Oppose	With the soft economy, I prefer to be cautious about city spending at the present time.
F55-64	#11	About one visit a month	No	Favor	If the city develops parks/recreation that is USED by the various ethnic, age and gender base of the city in equal focus, I would be in favor of it. When we have a focus on sports and not consider that kids who aren't we are doing a disservice to our youth. Those kids still need an outlet for their energy and emotions. We need to keep the gangs out of Vacaville. I am tired of seeing graffiti around town. I think keeping our youth involved in the city's activities is very important in keeping our city safe and a great place to live.
F55-64	#15	About one visit a month	No	Favor	I think it is a good idea to maintain the city's current facilities and parks.
F55-64	#25	Four or more visits a month	No	Favor	It's needed.

GENDER & AGE?	ID#	Q2. FREQUENCY OF VISITING VACAVILLE PARKS?	CHILDREN 17 OR YOUNGER?	POSITION ON EXTENDING MEASURE I?	Q19. REASONS FOR YOUR POSITION ON EXTENDING MEASURE I?
F55-64	#27	Four or more visits a month	No	Favor	The city needs the money to upgrade.
F55-64	#58	Four or more visits a month	No	Favor	Each of those items enrich the community. That's what makes Vacaville a special place to live.
F55-64	#63	About one visit a month	No	Favor	This is my community I want to support it and help to improve it.
F55-64	#78	Four or more visits a month	No	Favor	I like having decent streets. The theater and sports complexes have been wonderful additions. We need to ensure that funds are available for upkeep of what we have built. And, if we are going to build more, then we need funds to do that, too.
F55-64	#95	Four or more visits a month	No	Favor	I feel that the tax dollars allocated from our property taxes are well spent and provide activities for all citizens of this city. As a property owner and a real estate investor in Vacaville, I would still vote for continuing the support of the parks and recreation areas.
F55-64	#96	About one visit a month	No	Favor	I think that if the public expresses a desire for these things that they should pay for them.
F55-64	#101	Four or more visits a month	No	Favor	This is just an extension of something I already pay--honestly, I do not want to LOSE services for the pittance we each pay.
F55-64	#127	Four or more visits a month	No	Favor	I think the residents of the city greatly benefit from the Parks and other programs that this tax provides.
F55-64	#130	Less than one visit a month	No	Favor	Keep the great facilities in the city.
F55-64	#131	Four or more visits a month	No	Favor	operation of and maintenance of facilities is crucial.
F55-64	#132	Four or more visits a month	No	Favor	Free community activities create a healthy emotional, mental and physical environment. It leads to less crime and other unwise activities. It helps people bond, be involved, be better citizens.
F55-64	#150	About one visit a month	Yes	Favor	We need to contribute to the quality of our facilities.
F55-64	#161	Four or more visits a month	Yes	Favor	Vacaville to me is impressive with its community services for a community of this size. I personally have grand children that have been enrolled in numerous community services classes over the years and the entire family actively participates on Vacaville swim team and Masters at Graham Aquatics Center. I think good community services is an attraction for people to move to and/or open businesses in Vacaville.
F55-64	#172	Four or more visits a month	No	Favor	If we want first rate public facilities, we need to pay for them!
F55-64	#173	Two to three visits a month	No	Favor	I would have to know more about what the money would be used for and also how long they would want to extend the tax. If I approved the use, I'm already use to paying the tax, so I would continue to support, UNLESS IT WAS TO BE AN INCREASED TAX. I would not support a higher tax at this bad economic time.
F55-64	#182	Two to three visits a month	No	Neutral	We have nice facilities that need to be maintained before adding new facilities.
F55-64	#213	Four or more visits a month	No	Oppose	Salaries by city employee at the top is out of control and need to be cut. When they take a cut in income like the rest of us then I will consider a tax.

GENDER & AGE?	ID#	Q2. FREQUENCY OF VISITING VACAVILLE PARKS?	CHILDREN 17 OR YOUNGER?	POSITION ON EXTENDING MEASURE I?	Q19. REASONS FOR YOUR POSITION ON EXTENDING MEASURE I?
F55-64	#223	Four or more visits a month	No	Favor	Because a tax is collected from the general public, who has access to use the facilities. Assessments to property owners disproportionately burden homeowners for more of their share than others.
F55-64	#242	Four or more visits a month	No	Favor	I would favor dog parks and rec centers that offer classes of dance and exercises.
F55-64	#266	Two to three visits a month	No	Favor	It is a small amount to pay to maintain and expand what the City has to offer its citizens. The return on investment is huge - it's too bad more citizens are not aware of the benefits that it produces.
F55-64	#269	Four or more visits a month	Yes	Neutral	Would need to know specific for funding usage.
F55-64	#292	About one visit a month	No	Favor	I feel it would be a set back for the City to have to drop some of their programs and facilities.
F65+	#16	Two to three visits a month	No	Oppose	Because of the economy, I am not voting for any additional taxes or bonds in upcoming elections. Things need to stabilize with the entire country first!
F65+	#37	Four or more visits a month	No	Favor	I would favor it because -- in YOUR words -- the park and recreational facilities create Community. I also favor extension of the Library tax.
F65+	#41	Two to three visits a month	No	Oppose	Because of lack of faith in the city manager/city council to make good fiscal decisions.
F65+	#94	About one visit a month	No	Favor	The quality of life is enhanced with these uses.
F65+	#97	Two to three visits a month	No	Favor	I believe that each resident needs to support the very activities that make the city a good place to live.
F65+	#107	Two to three visits a month	No	Favor	Vacaville is very fortunate to have the facilities it does and what makes it a great place to raise a family. I would like to see that continue. I'm a grand-parent and aunt and support the kids in their activities. I enjoy the community parks and have a great time taking my grandson to them.
F65+	#110	Four or more visits a month	No	Favor	Good for the common good of the community invest in local people.
F65+	#120	Four or more visits a month	Yes	Favor	I like to participate in all area activities.
F65+	#125	Less than one visit a month	No	Favor	We must protect and maintain what we have. Further development could wait for more favorable times but maintenance is vital.
F65+	#142	Two to three visits a month	No	Favor	City needs assistance in providing these.
F65+	#157	Two to three visits a month	No	Neutral	I live on a fixed income and don't want my property taxes to go up, but if its for a new swimming area at Centennial Park I would be in favor of extending the tax due to expire in 2013.
F65+	#176	Four or more visits a month	No	Neutral	I need more information to make a decision.
F65+	#228	No visits in last six months	No	Favor	That way everyone is paying.
F65+	#278	Four or more visits a month	No	Favor	It beats property tax & we don't notice it.
F65+	#290	Four or more visits a month	No	Favor	The tax is the only thing that keeps these parks up and running. We don't need run down parks.
