		Previous	Current	Current	Last Year
4/30/2016 to 6/24/2016	64	1,255	1,289	34	35

Messages:

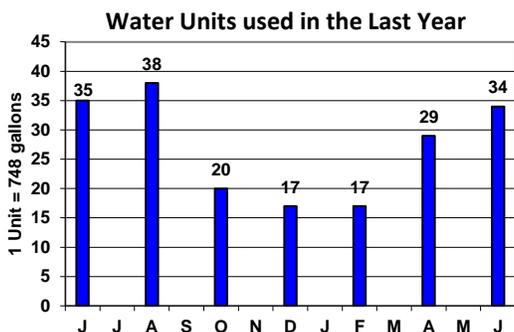

Information about City events, activities, programs, as well as info about your sewer/water account is posted here.

Water Service charge determined by meter size connection (5/8", 3/4", or 1" for typical residence). The meter size connection defines the amount of water available to you on demand, and is billed regardless of the amount of water used. This helps to cover the fixed costs of having quality water available 24 hrs per day.

Water consumption is billed at a single-tier rate during normal water years. Charges include a temporary water conservation surcharge ending in January 2017.

Charges effective February 1, 2016

34 units X \$1.36 = \$46.24
34 units X \$0.49 = \$16.66

Account Summary Consumption = current - previous meter read

Previous Balance - Due Immediately to Avoid Service Interruption **213.05**

Payment - Thank You (6/15/2016) **-213.05**

WATER SERVICE

Basic 3/4" **36.54**

Low Income Discount Low Income Discount for eligible customers while funding lasts = \$4.00/month **-8.00**

Consumption **46.24**

Conservation Surcharge **16.66**

SEWER SERVICE

Basic Fee **113.22**

Variable Rate **14.28**

Sewer Basic charges, in effect since March 2014, pay ongoing fixed costs associated with sewer collection, treatment, and discharge. Charged regardless of water use.

Sewer variable units are based on your average household water use during winter months. Your use is recomputed annually in July. Average residential sewer use is 17 units bimonthly.

OTHER CHARGES

Excise Tax **9.67**

Voters extended Measure I in 2012 to pay for municipal improvements and uses Utilities billing system to collect this tax.

17 units x \$0.84 = \$14.28

Current Charges **228.61**

Balance Due UPON RECEIPT **\$228.61**

Current Charges Delinquent After 7/26/2016

Consumption graph displays water units used by the customer throughout the previous 12 months and allows for comparison of use between current billing period (34 units) and the same period last year (35 units)

NOTE: Meters measure water in hundred cubic feet (hcf)
One water unit = 1 hcf = 748 gallons

Keep this portion for your records
