

## APARTMENT RENT AND VACANCY SURVEY SENIOR-ONLY ADDENDUM

Results of the 2015 Apartment Rent and Vacancy Survey can be analyzed for senior-only housing. 506 senior-only apartment-type rental units were surveyed. 359 senior-only apartment-type units are not included because they have restricted rents. However, the Apartment Rent and Vacancy Survey Below-Market Rate Addendum includes rent and vacancy survey information for these 359 units. The 359 units with restricted rents below market rate are not included because including the lower rents would prevent an accurate determination of median rent levels for market-rate senior-only units. Of the 506 senior-only rental apartment units included in this survey, all 506 were reported. Of the 506 reported, no units were reported to be vacant and no units were reported to be vacant and unavailable for rent.

Because most senior-only units in Vacaville have been built since 2000, no additional analysis was completed comparing vacancy rates or rent levels of pre- and post-2000 housing units.

### Vacancy:

- The overall senior-only housing vacancy rate is 0%.
- The vacancy rate for one-bedroom senior-only housing units is 0%.
- The vacancy rate for two-bedroom senior-only housing units is 0%.
