

City of Vacaville
Community Development
Building Division
**Building Inspection
Automated Phone System**

The automated phone system allows customers to schedule inspections, cancel inspections, and get inspection results.

(707) 999-7113

This service is available 24 hours a day.

All inspections shall be scheduled using the automated phone system.

However the Planning Division (707-449-5140) and Fire Department (707-449-5452) aren't always able to accommodate next day inspections, call these directly to coordinate the inspection date and time.

Before Phoning in you will need:

1. Touch Tone phone
2. Permit Number (click here to see the location of permit number on your permit card)
3. Three Digit Inspection Code. (if you want to schedule, reschedule or cancel an Inspection) You can find three digit inspection codes on your permit card. The inspection card will be provided to you by the Building Division at permit issuance time.

After calling (707) 999-7113 you will have the following choices:

1. To schedule an inspection
2. To cancel an inspection
3. To get inspection results

Push 0 to talk to a staff member

* To return to the main menu at any time

HOMEOWNERS:

To schedule a final inspection using the automated phone system, please use inspection code 999

To Schedule an Inspection

You will be asked to enter the permit number (located at the top of the page) followed the # key.

The permit number and job site will read back to you.

Push 1 if the permit number is correct

Push 2 to reenter the permit number

You will be ask to enter the three digit inspection code from your inspection card followed by the # key.

The list of inspections for your permit type is located on your Inspection Card.

You will be asked to enter 1 for inspection on the next working day. Or listen for instructions on how to schedule an inspection for two weeks ahead.

You will be given a confirmation number.

You will also be given the following choices:

1. To leave a message for the inspector.
2. To repeat the confirmation number.
3. To schedule another inspection on this permit.
4. To schedule an inspection on another permit.
5. To return to the main menu.

To end this call, hang up.

To leave a message for the inspector:

After you record your message **PRESS #**, and then you must **PRESS 1** to have the message sent to the inspector.
